today to find a volunteer opportunity that is right for you.

These volunteers have made a difference; so can you.

"A woman at a senior center had a small Social Security check as her only income. She and her family didn't know about a program that would cover her Medicare premiums. When she saw more than \$100 added to her Social Security check, she hugged my neck. Things will be a little better for her now."

"I helped a friend get a drug card for his mother. The card reduced the cost of one drug from \$100 to \$20. Every time he sees me he thanks me, and he tells other people about what I did."

About MMAP, Inc.

The Michigan Medicare/Medicaid Assistance Program (MMAP, Inc.) is part of the State Health Insurance Assistance Program (SHIP), a national network that offers free, confidential counseling and assistance for people with Medicare. Congress established SHIPs in 1990 to help beneficiaries navigate an increasingly complex health care system.

Each year MMAP, through its dedicated staff and volunteers, provides invaluable service to Michigan's communities, including:

- Counseling people with Medicare through the annual prescription drug plan enrollment period.
- Connecting with seniors who have limited incomes to help them save money on health care costs.
- Educating the community about health insurance issues.

MMAP is funded by a grant from the Michigan Office of Services to the Aging through funding received from the Centers for Medicare and Medicaid Services, the Medicare agency, and a grant from the Administration on Aging.
