MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

I. INTRODUCTION AND INSTRUCTIONS FOR USE

The Michigan OSA Operating Standards for Service Programs comprises the operating guidelines to be followed by providers of services to older persons in Michigan. This manual represents a compilation of the policies, standards, rules, regulations and statutes most directly relating to service programs. It is intended for use by the Office of Services to the Aging (OSA), Area Agencies on Aging (AAAs), and the network of service providing agencies. Statewide Operating Standards are adopted by the Michigan Commission on Services to the Aging (MCSA) following input, review, and comment by the stakeholders of the Michigan Aging Network.

Background

Prior to the 1981 amendments to the Older Americans Act, the Federal Administration on Aging promulgated specific regulations regarding service provision. In addition, program instructions to state agencies, area agencies, and service providers detailed expected and required activities. Since the 1981 amendments, federal direction has been reduced significantly. Accordingly, OSA began developing and adopting more explicit state policies which included Minimum Standards for Congregate Meals, Home Delivered Meals, Adult Day Care, In-Home Services and Senior Centers. This document resulted from a review of these standards and an aggregation of other major policies into one comprehensive publication.

Instructions

General requirements affecting all service programs and nutrition service programs are separately identified in Section II. In Section III, each service is identified separately by name and number, and grouped according to the categories of Access, In-Home, and Community. A statement of each service definition is also presented. Specific minimum standards are identified for each service and are considered required components unless written to be optional or recommended.

Interpretations of the applicability of any service definition or minimum standard shall be made only by the Director of the OSA in response to a written inquiry. Amendments and/or revisions of any definition or minimum standard shall be made only by action of the MCSA.

All definitions and minimum standards in this document remain in effect unless a specific waiver has been approved by the MCSA. Waivers will not be granted where a specific requirement is mandated by federal or state statute, regulation or an Administrative Rule.

An AAA may develop a service definition and appropriate minimum standards, to be funded within its respective Planning and Service Area (PSA), which is not identified within this document. All regional service definitions and minimum standards must be presented within the Multi-Year Area Plan (MYP) and/or the Annual Implementation Plan (AIP) for each fiscal year it will be funded.

A. GENERAL REQUIREMENTS FOR ALL SERVICE PROGRAMS

Updated 3-17-06

Authority Reference

Michigan Commission on Services to the Aging (MCSA).

Michigan Public Act referred to in the standards can be viewed at www.legislature.mi.gov.

Federal laws and regulations can be viewed at www.first.gov.

Policy Statement

Service programs for older persons provided with state and/or federal funds awarded by the Michigan Commission on Services to the Aging must comply with all general program requirements established by the Commission.

Required Program Components

A. Contractual Agreement

Services are to be provided under an approved area plan through formal contractual agreements, including direct purchase agreements, between the area agency on aging and service providers. Assignment of responsibilities under the contract or execution of subcontracts involving an additional party must be approved in writing by the area agency on aging. Direct service provision by the area agency must be specifically approved as part of the area plan. Each contract and direct purchase agreement must contain all required contract components as detailed in Operating Standards for Area Agencies on Aging.

B. Compliance with Service Definitions

Only those services for which a definition and minimum standards have been approved by the MCSA may be funded with state and/or federal funds awarded by the MCSA. Each service program must adhere to the definition and minimum standards to be eligible to receive reimbursement of allowable expenses.

C. Eligibility

Services shall be provided only to persons 60 years of age and older unless otherwise allowed under eligibility criteria for a specific program (such as a spouse under 60 of a meal program participant).

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

Services provided under Title III-Part E (The National Family Caregiver Support Program) may be provided to caregivers age 60 or over, caregivers of any age when the care recipient is aged 60 or over, and to kinship care recipients when the kinship caregiver is aged 60 or over.

Services provided under Tobacco Respite Care (adult day services and respite care) may be provided to adults aged 18 or over.

D. Targeting of Participants

1. Substantial emphasis must be given to serving eligible persons with greatest social and/or economic need with particular attention to low-income minority individuals. "Substantial emphasis" is regarded as an effort to serve a greater percentage of older persons with economic and/or social needs than their relative percentage to the total elderly population within the geographic service area.

Each provider must be able to specify how they satisfy the service needs of low-income minority individuals in the area they serve. Each provider, to the maximum extent feasible, must provide services to low-income minority individuals in accordance with their need for such services. Each provider must meet the specific objectives established by the area agency on aging for providing services to low-income minority individuals in numbers greater than their relative percentage to the total elderly population within the geographic service area.

2. Participants shall not be denied or limited services because of their income or financial resources. Where program resources are insufficient to meet the demand for services, each service program shall establish and utilize written procedures for prioritizing clients waiting to receive services, based on social, functional and economic needs.

Indicating factors include:

For Social Need – isolation, living alone, age 75 or over, minority group member, non-English speaking, etc.

For Functional Need – handicaps (as defined by the Rehabilitation Act of 1973 or the Americans With Disabilities Act), limitations in activities of daily living, mental or physical inability to perform specific tasks, acute and/or chronic health conditions, etc.

For Economic Need – eligibility for income assistance programs, self-declared income at or below 125% of the poverty threshold, etc. [Note: National Aging Program Information System (NAPIS) reporting requirements remain based on 100% of the poverty threshold].

Each provider must maintain a written list of persons who seek service from a priority service category (Access, In-Home, or Legal Assistance) but cannot be served at that time. Such a list must include the date service is first sought, the service being sought and the county, or the community if the service area is less than a county, of residence of

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

the person seeking service. The program must determine whether the person seeking service is likely to be eligible for the service requested before being placed on a waiting list.

Individuals on waiting lists for services for which cost sharing is allowable, may be afforded the opportunity to acquire services on a 100% cost share basis until they can be served by funded program.

3. Elderly members of Native American tribes and organizations in greatest economic and/or social need within the program service area are to receive services comparable to those received by non-Native American elders. Service providers within a geographic area in which a reservation is located must demonstrate a substantial emphasis on serving Native American elders from that area.

E. Contributions

1. All program participants shall be encouraged to and offered a confidential and voluntary opportunity to contribute toward the costs of providing the service received. No one may be denied service for failing to make a donation.
2. Cost sharing may be implemented according to the Michigan Office of Services to the Aging Cost Sharing Policy (refer to Transmittal Letter #393).

Private pay or locally funded fee-for-service programs must be separate and distinct from grant funded programs.

3. Except for program income, no paid or volunteer staff person of any service program may solicit contributions from program participants, offer for sale any type of merchandise or service, or seek to encourage the acceptance of any particular belief or philosophy by any program participant.
4. Each program must have in place a written procedure for handling all donations/contributions, upon receipt, which includes at a minimum:
 - a. Daily counting and recording of all receipts by two, unrelated individuals.
 - b. Provisions for sealing, written acknowledgement and transporting of receipts to either deposit in a financial institution or secure storage until a deposit can be arranged.
 - c. Reconciliation of deposit records and collection records by someone other than the depositor or counter(s).

F. Confidentiality

Each service program must have written procedures to protect the confidentiality of information about older persons collected in the conduct of its responsibilities. The procedures must ensure that no information about an older person, or obtained from an older person by a service

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

provider is disclosed in a form that identifies the person without the informed consent of that person or of his or her legal representative. However, disclosure may be allowed by court order, or for program monitoring by authorized federal, state or local agencies which are also bound to protect the confidentiality of client information. All client information shall be maintained in controlled access files. It is the responsibility of each service program to determine if they are a covered entity with regard to HIPAA regulations.

G. Referral and Coordination Procedures

Each service program shall establish working relationships with other community agencies for referrals and resource coordination to ensure that participants have maximum possible choice.

Each program shall be able to demonstrate linkages with agencies providing access services. Each program must establish written referral protocols with Case Coordination and Support, Care Management, and Home and Community Based Medicaid Programs operating in the respective service area.

H. Services Publicized

Each service program must publicize the service(s) in order to facilitate access by all older persons which, at a minimum, shall include being easily identified in local telephone directories.

I. Older Persons at Risk

Each service program shall have a written procedure in place to bring to the attention of appropriate officials for follow-up, conditions or circumstances that place the older person, or the household of the older person, in imminent danger.
(e.g. situations of abuse or neglect).

J. Disaster Response

Each service program must have established, written emergency protocols for both responding to a disaster and undertaking appropriate activities to assist victims to recover from a disaster, depending upon the resources and structures available.

K. Insurance Coverage

Each program shall have sufficient insurance to indemnify loss of federal, state and local resources, due to casualty, fraud or employee theft. All buildings, equipment, supplies and other property purchased in whole or in part with funds awarded by the MCSA are to be covered with sufficient insurance to reimburse the program for the fair market value of the asset at the time of loss. The following insurances are required for each program:

1. Worker's compensation
2. Unemployment

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

3. Property and theft coverage (including employee theft)
4. Fidelity bonding (for persons handling cash)
5. No-fault vehicle insurance (for agency owned vehicles)
6. General liability and hazard insurance (including facilities coverage)

The following insurances are recommended for additional agency protection:

1. Insurance to protect the program from claims against program drivers and/or passengers.
2. Professional liability (both individual and corporate).
3. Umbrella liability.
4. Errors and Omissions Insurance for Board members.
5. Special multi-peril.

L. Volunteers

Each program that utilizes volunteers shall have a written procedure governing the recruiting, training, and supervising of volunteers that is consistent with the procedure utilized for paid staff. Volunteers shall receive a written position description, orientation training and a yearly performance evaluation, as appropriate.

M. Staffing

Each program shall employ competent and qualified personnel sufficient to provide services pursuant to the contractual agreement. Each program shall be able to demonstrate an organizational structure including established lines of authority. Each program must conduct, prior to employment or engagement, a criminal background review through the Michigan State Police for all paid and volunteer staff. An individual with a record of a felony conviction may be considered for employment at the discretion of the program. The safety and security of program clients must be paramount in such considerations.

N. Staff Identification

Every program staff person, paid or volunteer, who enters a participant's home must display proper identification which may be either an agency picture card or, a Michigan driver's license and some other form of agency identification.

O. Orientation and Training Participation

New program staff must receive orientation training that includes at a minimum, introduction to the program, the aging network, maintenance of records and files (as appropriate), the aging process, ethics and emergency procedures. Issues addressed under the aging process may include, though are not limited to, cultural diversity, dementia, cognitive impairment, mental illness, abuse and exploitation.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

Service program staff is encouraged to participate in relevant OSA or area agency sponsored or approved in-service training workshops, as appropriate and feasible. Records that detail dates of training, attendance, and topics covered are to be maintained. Training expenses are allowable costs against grant funds. Each service program should budget an adequate amount to address its respective training needs.

P. Complaint Resolution and Appeals

Complaints - Each program must have a written procedure in place to address complaints, from individual recipients of services under the contract, which provides for protection from retaliation against the complainant.

Appeals - Each program must also have a written appeals procedure for use by recipients with unresolved complaints, individuals determined to be ineligible for services or by recipients who have services terminated. Persons denied service and recipients of service who have services terminated, or who have unresolved complaints, must be notified of their right to appeal such decisions and the procedure to be followed for appealing such decisions.

Each program must provide written notification to each client, at the time service is initiated, of her/his right to comment about service provision and to appeal termination of services.

Complaints of Discrimination – Each program must provide written notice to each client, at the time service is initiated, that complaints of discrimination may be filed with the U.S. Department of Health and Human Services, Office of Civil Rights, or the Michigan Department of Civil Rights.

Q. Service Termination Procedure

Each program must establish a written service termination procedure that includes formal written notification of the termination of services and documentation in client files. The written notification must state the reason for the termination, the effective date, and advise about the right to appeal. Reasons for termination may include, but are not limited to the following:

1. The client's decision to stop receiving services;
2. Reassessment that determines a client to be ineligible;
3. Improvement in the client's condition so they no longer are in need of services;
4. A change in the client's circumstances which makes them eligible for services paid for from other sources;
5. An increase in the availability of support from friends and/or family;
6. Permanent institutionalization of client in either a acute care or long term care facility. If institutionalization is temporary, services need not be terminated; and,
7. The program becomes unable to continue to serve the client and referral to another provider is not possible (may include unsafe work situations for program staff or loss of funding).

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

R. Service Quality Review

Each provider must employ a mechanism for obtaining and evaluating the views of service recipients about the quality of services received. The mechanism may include client surveys, review of assessment records of in-home clients, etc.

S. Civil Rights Compliance

Programs must not discriminate against any employee, applicant for employment or recipient of service because of race, color, religion, national origin, age, sex, sexual orientation, height, weight, or marital status. Each program must complete an appropriate DHHS (Federal Department of Health and Human Services) form assuring compliance with the Civil Rights Act of 1964. Each program must clearly post signs at agency offices and locations where services are provided in English, and other languages as may be appropriate, indicating non-discrimination in hiring, employment practices and provision of services.

T. Equal Employment

Each program must comply with equal employment opportunity and affirmative action principles.

U. Universal Precautions

Each program must evaluate the occupational exposure of employees to blood or other potentially hazardous materials that may result from performance of the employee's duties and establish appropriate universal precautions. Each provider with employees who may experience occupational exposure must develop an exposure control plan which complies with Federal regulations implementing the Occupational Safety and Health Act.

V. Drug Free Workplace

Each program must agree to provide drug-free workplaces as a precondition to receiving a federal grant. Each program must operate in compliance with the Drug-Free Workplace Act of 1988.

W. Americans With Disabilities Act

Each program must operate in compliance with the Americans With Disabilities Act .

X. Workplace Safety

Each program must operate in compliance with the Michigan Occupational Safety and Health Act (MOISHA). Information regarding compliance can be found at www.michigan.gov.

B. GENERAL REQUIREMENTS FOR NUTRITION SERVICE PROGRAMS

Updated 7-19-13

1. Meals may be presented hot, cold, frozen or shelf-stable and shall conform to the Michigan Office of Services to the Aging (OSA) Meal Planning Guidelines.
2. Each program shall utilize a menu development process, which places priority on healthy choices and creativity and includes, at a minimum:
 - a. Use of written or electronic, standardized recipes.
 - b. Cycle menus are encouraged for costs containment and/or convenience, but are not required. Programs are encouraged to consult with the regional dietitian during the menu development process.
 - c. Provision for review and approval of all menus by the regional dietitian who must be a registered dietitian, an individual who is dietitian-registration eligible or a Registered Dietetic Tech.
 - d. Posting of menu to be served in a conspicuous place at each meal site and at each place food is prepared. The program must be able to provide information on the nutrition content of menus upon request.
 - e. Modified diet menus may be provided, where feasible and appropriate, which take into consideration client choice, health, religious and ethnic diet preferences.
 - f. A record of the menu actually served each day shall be maintained for each fiscal year's operation.
 - g. Nutrition providers are strongly encouraged to use computerized nutrient analysis to assure meals are in compliance with nutritional requirements.
3. The nutrition program must operate according to current provisions of the Michigan Food Code. Minimum food safety standards are established by the respective local Health Department. Each program must have a copy of the Michigan Food Code available for reference. Programs are encouraged to monitor food safety alerts pertaining to older adults.

Each program, which operates a kitchen for food production, shall have at least one key staff person (manager, cook or lead food handler) complete a Food Service Manager Certification Training Program that has been approved by the Michigan Department of Agriculture. A trained and certified staff member is preferred, but not required, at satellite serving and packing sites. Please refer to your local Health Department for local regulations on this requirement.

The time period between preparation of food and the beginning of serving shall be as minimal as feasible. Food shall be prepared, held and served at safe temperatures. Documentation requirements for food safety procedures shall be developed in conjunction with, and be acceptable to, the respective local Health Department.

The safety of food after it has been served to a participant and when it has been removed from the meal site, or left in the control of a homebound participant, is the responsibility of that participant.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

Purchased Foodstuffs - The program must purchase foodstuff from commercial sources which comply with the Michigan Food Code. Unacceptable purchased items include: home canned or preserved foods; foods cooked or prepared in an individual's home kitchen (This includes those covered under the Cottage Food Law); meat or wild game not processed by a licensed facility; fresh or frozen fish donated by sport fishers; raw seafood or eggs; and, any un-pasteurized products (i.e., dairy, juices and honey).

Contributed Foodstuffs - The program may use contributed foodstuff only when they meet the same standards of quality, sanitation and safety as apply to food stuffs purchased from commercial sources.

Acceptable contributed foodstuff include: fresh fruits and vegetables; and, wild game from a licensed processor. A list of licensed processors can be found on the Michigan Department of Agriculture and Rural Development website.

4. Each program shall use standardized portion control procedures to ensure that each meal served is uniform. Standard portions may be altered at the request of a participant for less than the standard serving of an item or if a participant refuses an item. Less than standard portions shall not be served in order to "stretch" available food to serve additional persons.
5. Each program shall implement procedures designed to minimize waste of food (leftovers/uneaten meals).
6. Each program shall use an adequate food cost and inventory system at each food preparation facility. The inventory control shall be based on the first-in/first-out method and conform to generally accepted accounting principles. The system shall be able to provide daily food costs, inventory control records, and monthly compilation of daily food costs.
For programs operating under annual cost-reimbursement contracts, the value of the inventory on hand at the end of the fiscal year shall be deducted from the total amount expended during that year. For programs operating under a unit-rate reimbursement contract, the value of the inventory on hand at the end of the fiscal year does not have to be considered. Each program shall be able to calculate the component costs of each meal provided according to the following categories:
 - a. Raw Food - All costs of acquiring foodstuff to be used in the program.
 - b. Labor - (i) Food Service Operations: all expenditures for salaries and wages, including valuation of volunteer hours, for personnel involved in food preparation, cooking, delivery, serving, and cleaning of meal sites, equipment and kitchens; (ii) Project Manager: all expenses for salary wages for persons involved in project management.
 - c. Equipment - All expenditures for purchase and maintenance of items with a useful life of more than one year or with an acquisition cost of greater than \$5,000.
 - d. Supplies - All expenditures for items with a useful life of less than one year and an acquisition cost of less than \$5,000.
 - e. Utilities - All expenditures for gas, electricity, water, sewer, waste disposal, etc.
 - f. Other - Expenditures for all other items that do not belong in any of the above categories (e.g. rent, insurance, fuel etc.) to be identified and itemized.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

Where a provider operates more than one meal/feeding program (congregate, home-delivered meal, waiver, catering, etc.), costs shall be accurately distributed among the respective meal programs. Only costs directly related to a specific program shall be charged to that program.

7. Each program shall provide or arrange for monthly nutrition education sessions at each meal site and as appropriate to home delivered meal participants. Topics shall include, but are not limited to, food, nutrition, wellness issues, consumerism and health. Nutrition education materials must come from reputable sources. Questions pertaining to appropriateness of materials and presenters are to be directed to the regional dietitian. Program materials distributed must take into consideration the level of literacy, living alone status, caregiver support and translation of materials as appropriate for older adults with limited English proficiency.
8. The Area Agency on Aging (AAA) may adjust the number of nutrition grantees to meet the needs of the region.
9. Each meal program is encouraged to use volunteers, as feasible, in program operations.
10. Each program shall develop and utilize a system for documenting meals served for purposes of the National Aging Program Information System (NAPIS). Meals eligible to be included in NAPIS meal counts reported to the respective AAA, are those served to eligible individuals (as described under respective program eligibility criteria) and which meet the specified meal requirements. The most acceptable method of documenting meals is by obtaining signatures daily from participants receiving meals. Other acceptable methods may include, for example, for home delivered meals, maintaining a daily or weekly route sheet signed by the driver which identifies the client's name, address, and number of meals served to them each day.
11. Each program shall use a uniform intake process and maintain a NAPIS registration for each program participant. The intake process shall be initiated within one week after an individual becomes active in the program. Completion of NAPIS registration is not a prerequisite to eligibility and may not be presented to potential participants as a requirement.
12. Nutrition Services Incentive Program (NSIP) - AAAs and their nutrition program service providers are eligible to participate in the NSIP. The purpose of the NSIP is to provide incentives to encourage and reward effective performance in the efficient delivery of nutritious meals to older individuals. The NSIP provides an allotment of cash to the state for their nutrition programs based on the number of Title III C meals served by the state that year, as reported in NAPIS. The State of Michigan has elected to receive cash in lieu of commodities. NSIP cash is allocated to AAAs based on the number of NSIP-eligible meals served in the previous year in proportion to the total number of NSIP-eligible meals served by all AAAs as reported through NAPIS. NSIP cash may only be used for meals served to individuals through the congregate meal program or home delivered meals program. The program must make a reasonable attempt to purchase foods of U.S. origin with NSIP funding. Meals counted for purposes of NSIP reporting are those served that meet the Title III C requirements and:

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

- a. Are served at a congregate or home delivered meal setting; or,
- b. Are served at an adult day care that is contracted to be a congregate meal site.

Meals that do not count toward NSIP funding include:

- a. Medicaid adult day care meals
- b. Adult day care meals for which Child and Adult Care Food Program (7 CFR Part 226) funds have been claimed
- c. Meals funded by Title III E served to caregivers under age 60
- d. Meals served to individuals under age 60 who pay the full price for the meal.

Each AAA that has NSIP-only (non-AAA funded) sites must have the following:

- a. A signed contract or memorandum of agreement in place detailing the nutrition requirements for the meal;
- b. The mechanism for distributing NSIP only funds; e.g. per meal rate, percentage of total.
- c. Written plan for assessment of site based on Title III C requirements.

13. Each nutrition program shall carry product liability insurance sufficient to cover its operation.
14. Each program, with input from program participants, shall establish a suggested donation amount that is to be posted at each meal site and provided to home delivered meal participants. The program may establish a suggested donation scale based on income ranges, if approved by the respective AAA. Volunteers under the age of 60 who receive meals shall be afforded the opportunity to donate towards the cost of the meal received.
15. Program income from participant donations must be used in accordance with the additive alternative, as described in the Code of Federal Regulations (CFR). Under this alternative, the income is used in addition to the grant funds awarded to the provider and used for the purposes and under the conditions of the contract. Use of program income is approved by the respective AAA as a part of the budget process.
16. Each program shall have a written procedure in place for handling all donations which includes at a minimum:
 - a. Daily counting and recording of all receipts by two individuals.
 - b. Provisions for sealing, written acknowledgement and transporting of daily receipts to either deposit in a financial institution or secure storage until a deposit can be arranged.
 - c. Reconciliation of deposit receipts and daily collection records by someone other than the depositor or counter.
17. Each program shall take steps to inform participants about local, State and Federal food assistance programs and provide information and referral to assist the individual with obtaining benefits. When requested, programs shall assist participants in utilizing Supplemental Nutrition Assistance Program (SNAP, formerly known as "food stamps") benefits as participant donations to the program.
18. Programs shall not use funds from OSA to purchase vitamins or other dietary supplements.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

19. Staff and volunteers of each program shall receive in-service training at least twice each fiscal year which is specifically designed to increase their knowledge and understanding of the program and to improve their skills at tasks performed in the provision of service. Records shall be maintained which identify the dates of training, topics covered, and persons attending.
20. Complaints from participants should be referred to the nutrition provider that hosts the site, or manages the home delivered meals program. Each nutrition provider shall have a written procedure for handling complaints. AAA nutrition program staff is to be notified if a participant appeals, in writing, a complaint resolution.
21. Nutrition providers shall work with the respective area agency on aging to develop a written emergency plan. The emergency plan shall include, but not be limited to:
 - a. Uninterrupted delivery of meals to home delivered meals participants, including but not limited to use of family and friends, volunteers, and informal support systems.
 - b. Maintenance of shelf-stable meals and instructions on how to use for home delivered meals participants. Every effort should be made to assure that emergency, shelf-stable meals meet the nutritional guidelines. If it is not possible, shelf-stable, emergency meals will not be required to adhere to the guidelines.
 - c. Back-up plan for food preparation if usual kitchen facility is unavailable.
 - d. Agreements in place with volunteer agencies, individual volunteers, hospitals, long-term care facilities, other nutrition providers, or other agencies/groups that could be on standby to assist with food acquisition, meal preparation, and delivery.
 - e. Communications system to alert congregate and home delivered meals clients of changes in meal site/delivery.
 - f. The plan shall cover all the sites and home-delivered meals participants for each nutrition provider, including sub-contractors of the AAA nutrition provider.
 - g. The plan shall be reviewed and approved by the respective AAA and then be submitted to OSA for review.

OSA MEAL PLANNING GUIDELINES

1. Menus should be created to ensure that each meal shall provide, at a minimum, 1/3 of the daily recommended dietary intake (DRI) allowances established by the Food and Nutrition Board of the Institute of Medicine of the National Academy of Sciences.
2. Increased 'scratch' cooking with less use of processed and ready-to-serve foods whenever possible.
3. Increased use of fresh or frozen fruits and vegetables, especially those high in potassium.
4. Using 'offered vs. served' service.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

5. Vegetarian meals can be served as part of the menu cycle or as an optional menu choice based on participant choice, cultural and/or religious needs and should follow the Michigan Office of Services to the Aging (OSA) Meal Planning Guidelines to include a variety of flavors, textures, seasonings, colors, and food groups at the same meal.

Plant sources include legumes (such as cooked dried beans) and protein sources from whole grains such as brown rice, whole wheat bread and pasta.

Vegetarian meals are a good opportunity to provide variety to menus, feature Michigan produce and highlight the many ethnic cultural or religious food traditions that use vegetables and grains in greater amounts at the center of the plate and in different combinations with fruits, vegetables, grains, herbs and spices for added flavor, calories, and key nutrients.

6. Breakfast meals may include any combination of foods that meet the OSA Meal Planning Guidelines.

7. Each meal should have the following food groups:

- Bread or bread alternate
- Vegetables
- Fruit
- Dairy
- Meat or meat alternatives.

8. Please refer to <http://www.choosemyplate.gov> for serving sizes of each meal component.

- a. Bread or Bread Alternate:

May include is but not limited to:

Muffin	Cornbread	Biscuit
Waffle	French toast	English muffin
Tortilla	Pancakes	Bagel
Crackers	Granola	Graham cracker squares
Dressing	Stuffing	Pasta
Sandwich bun	Cooked cereal	Bread, all types

A variety of enriched and/or whole grain bread products, particularly those high in fiber, are recommended.

- b. Vegetables

Along with traditional vegetables, this category may include, but is not limited to:

Dried beans	100% vegetable juice (Fresh, frozen or freeze- dried juice or canned vegetables are acceptable.)
Peas	Raw leafy vegetables
Lentils	Other beans

- c. Fruit

Along with traditional fruits, this category may include, but is not limited to:

Chopped, cooked or canned fruit

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

100% juice

Fresh, frozen, freeze-dried, juice or canned fruits are acceptable.

d. Milk or Milk Alternatives

Along with traditional milk products, this category may include, but is not limited to:

Buttermilk

Low-fat chocolate milk

Lactose-free milk (fortified with vitamins A and D)

Powered dry milk

Evaporated milk

Yogurt

Cottage cheese

Tofu (processed with calcium salt)

Calcium fortified soy, rice or almond milk

Natural or processed cheese

e. Meat or Meat Alternatives – Meat serving weight is the edible portion, not including skin, bone, or coating.

Along with traditional meat products, this category may include, but is not limited to:

Eggs

Nuts

Cheese

Cottage cheese

Dried beans or lentils

Tofu

Nut butter

Tempeh

A meat or meat alternative may be served in combination with other high protein foods.

Except to meet cultural and/or religious preferences and for emergency meals, avoid serving dried beans, nut butter or nuts, and tofu for consecutive meals or on consecutive days.

Imitation cheese is not made from milk, or milk products, but from vegetable oil and may not be served as a meat alternative.

In order to limit the sodium content of the meals, programs should consider serving cured and processed meats (e.g., ham, smoked or Polish sausage, corned beef, dried beef) no more than once a week.

f. Accompaniments

Include traditional meal accompaniments as appropriate, e.g., condiments, spreads and garnishes. Examples include: mustard and/or mayonnaise with a meat sandwich; tartar sauce with fish; salad dressing with tossed salad; margarine with bread or rolls. Whenever feasible, provide fat alternatives. Minimize use of fat in food preparation. Fats should be primarily from vegetable sources and in a liquid or soft (spreadable) form that are lower in hydrogenated fat, saturated fat, trans-fats and cholesterol.

g. Desserts

Serving of dessert is encouraged, though it is optional. Suggested, (but not limited to) desserts are: fruit, fruit crisps with whole grain toppings, pudding with double milk, gelatin with fruit, low-fat frozen yogurt, Italian ices. Use of baked, commercial desserts should be limited to once per week.

h. Beverages

Fluid intake should be encouraged, as dehydration is a common problem in older adults. It is a good practice to have drinking water available.

III. SERVICE DEFINITIONS AND SPECIFIC MINIMUM STANDARDS

Updated 3-17-06

All services with definitions approved by the Michigan Commission on Services to the Aging are contained in the following section. All specific minimum standards for each service are identified in the following section. Fundable services, grouped according to category, are as follows:

A. Access

Care management, case coordination and support, disaster advocacy and outreach, information and assistance, outreach and transportation.

B. In-Home

Chore, home care assistance, home injury control, homemaking, home delivered meals, home health aid, medication management, personal care, personal emergency response, respite care, and friendly reassurance.

C. Community

Adult day services, dementia adult day care, congregate meals, nutrition counseling, nutrition education, disease prevention and health promotion services, health screening, assistance to the hearing impaired and deaf, home repair, legal assistance, long-term care ombudsman/advocacy, senior center operations, senior center staffing, vision services, prevention of elder abuse, neglect and exploitation, counseling services, specialized respite care, caregiver supplemental services, kinship support services, and caregiver education, support and training.

A. GENERAL REQUIREMENTS FOR ACCESS SERVICE PROGRAMS

In addition to the general requirements for all service programs, the following general standards apply to all access service categories unless otherwise specified.

Statement of Intent

Case coordination and support (CCS), care management (CM) and the Home and Community Based Services for the Elderly and Disabled (HCBS/ED) waiver programs are considered to be long-term care client support services. These three programs have many common functions and activities as well as a consistent focus. The general requirements for access service programs are intended to provide a framework for efficient and effective integration of these programs within the Michigan aging network.

1. A long-term care client shall be served by the CCS program until it has been determined they are in need of a nursing facility level of care based on functional limitations. Once such a determination has been made, the client is to be referred to the appropriate CM program. CCS programs are to be funded through Older Americans Act Title III, Part B.
2. A long-term care client shall be served by the CM program when they have been determined to need a nursing facility level of care based on functional limitations but is not determined to be Medicaid eligible. Once Medicaid eligibility has been determined, the client is to be referred to the appropriate

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

waiver program. CM programs are to be funded through state care management funds and may utilize Older Americans Act Title III, Part B funds.

3. A long-term care client shall be served by the waiver program when they have been determined to need a nursing facility level of care based on functional limitations and is Medicaid eligible. Waiver programs are to be funded through Medicaid.
4. The in-home support services for any long-term care client may be funded from a combination of federal, state, local, private and Medicaid resources (dependent upon Medicaid eligibility).
5. Each access program shall demonstrate effective linkages with agencies providing long-term care client support services within the program area. Such linkages must be sufficiently developed to provide for prompt referrals whether for initiating services or in response to a client's changing needs or respective eligibility status.

Access Services

SERVICE NAME	Care Management (CM)
SERVICE NUMBER	A-1 updated 5-6-08
SERVICE CATEGORY	Access
SERVICE DEFINITION	The provision of a comprehensive assessment, care plan development, periodic reassessment, and ongoing coordination and management of in-home and other supportive services to individuals aged 60 and over who are in need of a nursing facility level of care due to the presence of functional limitations. Services are brokered or directly purchased, according to an agreed-upon care plan, to assist the client in maintaining independence. Care management functions include eligibility determination, assessment, care plan development, supports, coordination, reassessment and on-going monitoring. Activities shall be conducted in accordance with established performance criteria.
UNIT OF SERVICE	Assessment and ongoing care management of an individual.

Minimum Standard

1. Medical eligibility for care management shall be determined using the MI Choice screen prior to an individual's enrollment in the CM program.
2. Care management functions shall be conducted by a multi-disciplinary team. A team may consist of a registered nurse and a licensed social worker (as described within the Michigan Public Health Code) or be comprised of a registered nurse and an individual with a minimum of two years Care Manager experience.
3. Care managers shall establish and maintain a confidential record for each client served. The record shall include but not be limited to the following information:
 - a. Completed telephone screen.
 - b. Completed assessment.
 - c. Client-approved plan of care.
 - d. Documentation of service orders, linkage forms.
 - e. Progress notes which serve as a log for documenting pertinent contacts with client, providers and others involved in caring for the client.
 - f. Reassessment.
 - g. Correspondence pertaining to client's care.
 - h. Person-centered planning.
4. MIChoice assessment and reassessment forms and protocols shall be utilized to assess an individual's abilities, health and physical functioning, living situation, informal support potential, and financial status.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

5. A plan of care detailing the services to be arranged or purchased shall be established for each enrolled client. Assessment findings shall be utilized to establish the plan of care. Care plans shall be modified or adjusted based on reassessment findings or other changes in the client's condition.
6. Reassessments shall be conducted:
 - a. Within 90 days of assessment or previous reassessment for active cases, and
 - b. Within 180 days of assessment or previous reassessment for maintenance cases.
7. Ongoing monitoring and follow-up shall be conducted to ensure the client's health and safety, quality of care, and satisfaction with services.
8. Each program shall utilize the MI Choice Information System (MICIS) according to established protocols to track client data, services data, and billing data.
9. Each program shall establish linkages with agencies providing long term care support services within the program area (e.g., in-home services providers, case coordination and support programs, HCBS/ED waiver programs).
10. Programs shall ensure staff is available to assist in disaster management activities coordinated by the local emergency operations center as necessary to protect the health and safety of CM clients.

Access Services

SERVICE NAME	Case Coordination and Support
SERVICE NUMBER	A-2
SERVICE CATEGORY	Access
SERVICE DEFINITION	The provision of a comprehensive assessment of persons aged 60 and over with a complementing role of brokering existing community services and enhancing informal support systems when feasible. Case Coordination and Support (CCS) includes the assessment and reassessment of individual needs, development and monitoring of a service plan, identification of and communication with appropriate community agencies to arrange for services, evaluation of the effectiveness and benefit of services provided, and assignment of a single individual as the caseworker for each client.
UNIT OF SERVICE	Provision of one hour of component CCS functions.
COMPONENT FUNCTIONS	Intake, assessment, reassessment, development of service plan, arrangement for each service.

Minimum Standards

1. Each CCS program must have uniform intake procedures and maintain consistent records. Intake may be conducted over the telephone. Intake records for each potential client must include at a minimum:
 - a. Individual's name, address and telephone number
 - b. Individual's age or birth date
 - c. Physician's name, address and telephone number
 - d. Name, address, and phone number of person, other than spouse or relative with whom individual resides, to contact in case of emergency
 - e. Handicaps, as defined by Section 504 of the Rehabilitation Act of 1973, or other diagnosed medical problems
 - f. Perceived supportive service needs as expressed by individual or his/her representatives.
 - g. Race (optional)
 - h. Gender (optional)
 - i. An estimate of whether or not the individual has an income at or below the poverty level for intake and reporting purposes and at or below 125% of poverty level for referral purposes.

2. If intake indicates a single service need on a one-time or infrequent basis, the individual should be provided information and assistance services. When intake suggests ongoing and/or multiple service needs, a comprehensive individual assessment of need shall be performed within ten working days of intake. If intake suggests ongoing or multiple complex service needs at a level beyond the scope of the CCS program, a referral shall be made to the CM program. All assessments and reassessments shall be conducted in person. Each assessment shall provide as much of the following information as is possible to determine:

d. Need Identification

- (1) Client/family perceived
- (2) Assessor perceived and/or identified from referral source/professional community

Each client shall be reassessed every six months, or as needed to determine the results of implementation of the service plan. If reassessment determines the client's identified needs have been adequately addressed, the case shall be closed.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

3. A service plan shall be developed for each person determined eligible and in need of CCS. The service plan shall be developed in cooperation with and be approved by the client, client's guardian or designated representative. The service plan shall contain at a minimum:
 - a. A statement of the client's problems, needs, strengths, and resources.
 - b. Statement of the goals and objectives for meeting identified needs.
 - c. Description of methods and/or approaches to be used in addressing needs.
 - d. Identification of services and the respective time frames they are to be obtained/provided from other community agencies.
 - e. Treatment orders of qualified health professional, when applicable.

Each program shall have a written policy/procedure to govern the development, implementation and management of service plans.
4. Each program shall maintain comprehensive and complete case files which include at a minimum:
 - a. Details of client's referral to CCS program.
 - b. Intake records.
 - c. Comprehensive individual assessment and reassessments.
 - d. Service plan (with notation of any revisions).
 - e. Listing of all contacts (dates) with clients (including units of service per client).
 - f. Case notes in response to all client or family contacts (telephone or personal).
 - g. Listing of all contacts with service providers on behalf of client.
 - h. Comments verifying client's receipt of services from other providers and whether service adequately addressed client need.
 - i. Record of all release of information about the client, signed release of information form, and all case files shall be kept confidential in controlled access files. Each program shall use a standardized release of information form which is time limited and specific as to the information being released.
5. Each case file must be assigned status in one of the following categories:
 - a. Open. From initial referral or reassessment of inactive case through current activity in implementing a service plan.
 - b. Closed. Client decides to discontinue service, client needs have been met, another program or agency has assumed responsibility for client, client unable to be served and referral of case is not possible, or client's death.
6. Each program shall maintain a current listing of isolated older persons, with active case files, which can be made readily available to agencies providing emergency services in the event of a disaster.
7. Each program shall employ caseworkers who have a minimum of a bachelor's degree in a human service field or who by training or experience have the ability to effectively determine an older person's needs and match those needs with appropriate services. If the program does not employ an individual with an appropriate bachelor's degree, access to such an individual in the community shall be arranged for purposes of technical support and/or consultation. Clients with identified unmet

MICHIGAN OFFICE OF SERVICES TO THE AGING

Access Services

SERVICE NAME	<u>Information and Assistance</u>
SERVICE NUMBER	A-4
SERVICE CATEGORY	Access
SERVICE DEFINITION	Assistance to individuals in finding and working with appropriate human service providers that can meet their needs which may include; information-giving (e.g., listing the providers of a particular service category so an individual may make their own contact directly); group presentations; referral (making contact with a particular provider on behalf of an individual); advocacy intervention (negotiating with a service provider on behalf of a client); and, follow-up contacts with clients to ensure services have been provided and have met the respective service need.
UNIT OF SERVICE	Provision of one hour of component information and referral (I&A) functions (Note: newsletters and media spots are encouraged but are not to be counted as information-giving units of service).

Minimum Standards

1. Each I&A program shall have a resource file, which is current, that includes a listing of human service agencies, services available, pertinent information as to resources and ability to accept new clients and eligibility requirements. The program shall be able to provide adequate information about community resources and agencies to all callers so they may make their own contact directly.
2. Each program located in areas where non-English or limited English speaking older persons are concentrated shall have bilingual personnel available or have the capacity to acquire interpretation services as necessary. In addition, each program must have the capacity to serve hearing impaired persons and visually impaired persons in a manner appropriate to their needs, such as through the Michigan Relay Center.
3. Where walk-in service is available, there shall be adequate space to ensure comfort and confidentiality to clientele during intake and interviewing.
4. Each program shall maintain records (for three years or until audit has been closed) of the nature of calls received, the agencies and/or organizations to which referrals are made and the service for which referrals are made, the results of follow-up contacts, and any client files maintained. Such information regarding service transactions shall be reported to the AAA upon request for monitoring and/or planning purposes.
5. A follow-up contact shall be made on all referrals, whether services are negotiated or not, within ten working days to determine whether services were received, the identified need met, and client satisfaction. Follow-up contacts are not required for information-giving only contacts.
6. Each program must determine the quality of I&A services provided, through a sampling of no less than 10% of clients, at least annually

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

7. Each program shall demonstrate effective linkages with agencies providing long-term care support services within the program area (i.e., case coordination and support, care management, and MI CHOICE waiver programs).
8. Funded I&A providers, responsible for the entire PSA service area, must have the capacity to provide training and technical assistance to local I&A providers, especially designated Community Focal Points. Funded PSA wide I&A providers are expected to foster coordination among, and collaboration with, local comprehensive I&A systems.
9. Each program is encouraged to seek Certified Information and Referral Specialist (CIRS) certificates from the Alliance for Information and Referral Systems (AIRS) for individual I&A employees and volunteers.

SERVICE CATEGORY	Access
SERVICE DEFINITION	Centrally organized services for transportation of older persons to and from community facilities in order to receive support services, reduce isolation, and otherwise promote independent living.
UNIT OF SERVICE	One, one-way trip per person, or one educational session.

Minimum Standards

1. Older Americans Act funds may be used to fund all or part of the operational costs of transportation programs based on the following modes:
 - a. Demand/Response: Characterized by scheduling of small vehicles to provide door-to-door or curb-to-curb service on demand. The program may include a passenger assistance component.
 - (1) Route Deviation Variation--where a normally fixed-route vehicle leaves scheduled route upon request to pick up the client.
 - (2) Flexible Routing Variation--where routes are constantly modified to accommodate service requests.
 - b. Public Transit Reimbursement: Characterized by partial or full payment of the cost for an older person to use an available public transit system. (Either fixed route or demand/response). The program may include a passenger assistance component.
 - c. Volunteer Reimbursement: Characterized by reimbursement of out-of-pocket expenses for individuals who transport older persons in their private vehicles. The program may include a passenger assistance component.
 - d. Older Driver Education: Characterized by systematic presentation of information and training in techniques designed to assist older drivers in safely accommodating changes in sensory and acuity functioning.
2. Older Americans Act funds may not be used for the purchase or lease of vehicles for providing transportation services, unless approved in writing by OSA.
3. All drivers and vehicles used for transportation programs supported all or in part by Older Americans Act funds must be appropriately licensed and inspected as required by the Secretary of State and all vehicles used must be covered by liability insurance.

B. GENERAL REQUIREMENTS FOR IN-HOME SERVICE PROGRAMS

Updated 5-16-08

In addition to the General Requirements for all Service Programs, the following general standards apply to all in-home service categories unless otherwise specified.

1. Service from Other Resources

Each in-home service program, prior to initiating service, shall determine whether a potential client is eligible to receive the respective service(s) or any component support service(s) through a program supported by other funding sources, particularly programs funded through the Social Security Act. If it appears that an individual can be served through other resources, an appropriate referral should be made or third-party reimbursement sought. Each program must establish coordination with appropriate local Department of Human Services (DHS) offices to ensure that funds received from OSA are not used to provide in-home services which can be paid for or provided through programs administered by DHS.

For instances where a client enters a Hospice Care program while receiving in-home services under an area plan, the in-home services are not required to be withdrawn. A revised service plan should be developed, with consultation from all service providers involved including the Hospice Care provider, based on the client's needs, preferences and the availability of resources from each provider.

Older Americans Act (OAA) funding may not be used to supplant (or substitute for) other federal, state or local funding that was being used to fund services, prior to the availability of OAA funds.

OAA programs do not qualify as third party payers for Medicaid purposes.

2. Individual Assessment of Need

Each in-home service program, as identified in the table below, shall conduct an assessment of individual need for each client. Each program with required assessments shall avoid duplicating assessments of individual clients to the maximum extent possible. In-home service providers may accept assessments, and reassessments, from case coordination and support programs, care management programs, home and community based Medicaid programs, other aging network home care programs, and Medicare certified home health providers. Clients with multiple needs should be referred to care management programs.

Clients shall be assessed within 14 calendar days of initiating service. If services are to be provided for 14 calendar days or less, a complete assessment need not be conducted. In such instances, the program must determine the client's eligibility to receive services and gather the Basic Information specified below).

The assessments are to be used to verify need, eligibility, and the extent to which services are to be provided. The assessment should verify an individual to be served has functional, physical or mental characteristics that prevent them from providing the service for themselves and that an informal support network is unavailable or insufficient to meet their needs. Eligibility is to be verified against established criteria for each respective service category. If an individual is found to be ineligible, the

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

reason(s) are to be clearly stated. Each assessment shall be conducted face to face and provide as much of the information specified below as it is possible to determine. Programs must refer individuals thought to be eligible for Medicaid to DHS.

Periodic reassessments must be conducted according to the following chart. Reassessments are to be used to determine changes in client status, client satisfaction, and continued eligibility. Each assessment and reassessment should include a determination of when reassessment should take place.

In-Home Services Requiring Assessments	Minimum Reassessment Frequency (unless circumstances require more frequent reassessment)
Homemaking	6 months (180 days)
Home Care Assistance	6 months
Home Delivered Meals	6 months
Medication Management	3 months
Personal Care	6 months
Respite Care	6 months
Home Health Aide	3 months (90 days)

When assessment are not conducted by a registered nurse (R.N.) the program must have access to, and utilize, an R.N. for assistance in reviewing assessments, as appropriate, and maintaining necessary linkages with appropriate health care programs.

Assessors must attempt to acquire each item of information listed below, but must also recognize, and accept, the client's right to refuse to provide requested items. Changes in any item should be specifically noted during reassessments. Assessments must be documented in writing, signed and dated.

Minimum information to be gathered by assessments:

a. Basic Information

- (1) Individual's name, address and phone number
- (2) Source of referral
- (3) The name, address and phone number of person to contact in case of an emergency
- (4) The name address and phone number of caregiver(s)
- (5) Gender
- (6) Age, date of birth
- (7) Race and/or ethnicity
- (8) Living arrangements
- (9) Condition of residential environment
- (10) Whether or not the individual's income is below the poverty level and/or sources of income (particularly SSI)

b. Functional Status

- (1) Vision
- (2) Hearing
- (3) Speech
- (4) Oral status (condition of teeth, gums, mouth and tongue)
- (5) Prostheses
- (6) Limitations in activities of daily living
- (7) Eating patterns (diet history), special dietary needs, source of all meals, and nutrition risk
- (8) History of chronic and acute illnesses
- (9) Prescriptions, medications and other physician orders

c. Support Resources

- (1) Physician's name, address and phone number (for all physicians)
- (2) Pharmacist's name, address and phone number (for all pharmacies utilized)
- (3) Services currently receiving or received in past (including identification of those funded through Medicaid)
- (4) Extent of family and/or informal support network
- (5) Hospitalization history
- (6) Medical/health insurance available

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

To avoid duplication, in-home service programs may accept the service plan developed by a referring case coordination and support, care management, home and community based Medicaid program, other aging network home care programs, and Medicare certified home health providers.

When the service plan is not developed by a registered nurse (R.N.), in-home service programs must have access to, an R.N. for assistance in developing service plans, as appropriate. Service plans must be evaluated at each client reassessment.

4. In-home Supervision

Program supervisors must be available to program staff, via telephone, at all times they are in a client's home.

Each in-home service program, except for home delivered meals, must conduct one in-home supervisory visit for each program staff member, with a program client present, each fiscal year. A registered nurse must be available to conduct in-home supervisory visits, when indicated by client circumstances. Additional in-home supervisory visits should be conducted as necessary. The program shall maintain documentation of each in-home supervisory visit.

5. Client Records

Each in-home service program must maintain comprehensive and complete client records which contain at a minimum:

- a. Details of referral to program.
- b. Assessment of individual need or copy of assessment (and reassessment) from referring program.
- c. Service plan (with notation of any revisions).
- d. Programs (except home delivered meals) with multiple sources of funding must specifically identify clients served with funds from OSA; records must contain a listing of all contacts (dates) paid for with funds from OSA, with clients and the extent of services provided (units per client).
- e. Notes in response to client, family, and agency contacts (including notation of all referrals made).
- f. Record of release of any personal information about the client or copy of signed release of information form.
- g. Service start and stop dates.
- h. Service termination documentation, if applicable.
- i. Signatures and dates on client documents, as appropriate.

All client records (paper and electronic) must be kept confidential in controlled access files.

6. In-Service Training

Staff and volunteers of each in-home service program shall receive in-service training at least twice each fiscal year which is specifically designed to increase knowledge and understanding of the program, the aging process, and to improve skills at tasks performed in the provision of service. Issues addressed under the aging process may include, though are not limited to, cultural diversity,

In-Home Services

SERVICE NAME	Home Delivered Meals (HDM)
SERVICE NUMBER	B-5
SERVICE CATEGORY	In-Home
SERVICE DEFINITION	The provision of nutritious meals to homebound older persons.
UNIT OF SERVICE	One meal served to an eligible participant.

Minimum Standards

1. Each program shall have a written policy/procedure that covers integrating person-centered planning into the home-delivered meals program. This may include, but is not limited to:
 - a. Allowing HDM clients to attend congregate meals sites when they have transportation and/or help to the site; and,
 - b. Providing diet modifications, as requested by the client, when nutrition provider is able to do so while following Older Americans Act guidelines.

2. Each program shall have written eligibility criteria which places emphasis on serving older persons in greatest need and includes, at a minimum:
 - a. That to be eligible a person must be 60 years of age or older, or if indicated in the HDM assessment, that it is in the best interest of the eligible person, the following persons may also receive a meal:
 - The spouse or partner of an HDM-eligible person, regardless of age.
 - The unpaid caregiver of an HDM-eligible person, including a family member under the age of 60 who provides full-time care for an eligible person.
 - An individual living with a disability who resides in a non-institutional household with a person who is eligible to receive home-delivered meals.
 - b. That to be eligible a person must be homebound; i.e., normally is unable to leave the home unassisted, and for whom leaving home takes considerable and taxing effort. A person may leave home for medical treatment or short, infrequent absences for non-medical reasons, such as a trip to the barber or to attend religious services.
 - c. That to be eligible a person must be unable to participate in the congregate nutrition program because of physical or emotional difficulties.
 - d. A person may also be eligible if they are unable to obtain food or prepare meals for themselves because of:
 - A disabling condition, such as limited physical mobility, cognitive or psychological impairment, sight impairment, or
 - Lack of knowledge or skill to select and prepare nourishing and well-balanced meals, or

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

- Lack of means to obtain or prepare nourishing meals, or
 - Lack of incentive to prepare and eat a meal alone, or
 - Lack of an informal support system: has no family, friends, neighbors or others who are both willing and able to perform the service(s) needed, or the informal support system needs to be supplemented.
- e. That the person's special dietary needs can be appropriately met by the program, as defined by the most current version of the US Department of Agriculture "Dietary Guidelines for Healthy Americans."
- f. That to be eligible a person must be able to feed himself/herself.
- g. That to be eligible a person must agree to be home when meals are delivered and to contact the program when absence is unavoidable.

At the provider's discretion, persons not otherwise eligible may be provided meals if they pay the full cost of the meal. The full cost of the meal includes raw food, preparation costs, and any administrative and/or supportive services costs.

Documentation that full payment has been made shall be maintained. Eligibility criteria shall be distributed to all potential referring agencies or organizations and be available to the general public upon request.

3. Each program shall conduct an assessment of need for each participant within 14 days of initiating service. At a minimum, each participant shall receive two assessments per year, a yearly assessment and a six-month re-assessment. The initial assessment and yearly assessment must be conducted in-person. The six-month re-assessment may be either in-person or a telephone assessment.

A telephone re-assessment may be used if the participant meets the following criteria: 1) is able to complete a telephone assessment by themselves, or with the assistance of a family member, caregiver or friend; 2) has no significant HDM delivery issues; and, 3) the HDM driver, delivery person, and family and/or caregivers have no significant concerns for the participant's well-being. The nutrition provider may deem a participant not eligible for the telephone re-assessment at any time during their participation in the program. In-person assessments will then replace the telephone re-assessment.

The program should avoid duplicating assessments of individual participants to the extent possible. HDM programs may accept assessments and re-assessments of the participant conducted by case coordination and support programs, care management programs, other in-home service providers, home and community based Medicaid programs, other aging network home-care programs, and Medicare certified home health providers. Participants with multiple needs should be referred to case management programs as may be appropriate.

If the HDM program is the only program the participant will be currently enrolled in, the assessment and re-assessments must, at a minimum, include:

e. Determination of Whether Individual Is Eligible For Program

An initial assessment is not required for individuals referred by a case coordination and support, care management, or HCBS/ED waiver program. Admission to the program may be based on the referral.

4. A service plan shall be developed for each individual admitted to an Adult Day Service program. The service plan must be developed in cooperation with, and be approved by, the client, the client's guardian or designated representative. The service plan shall contain at a minimum:
 - a. A statement of the client's problems, needs, strengths, and resources.
 - b. A statement of the goals and objectives for meeting identified needs.
 - c. A description of methods and/or approaches to be used in addressing needs.
 - d. Identification of basic and optional program services to be provided.
3. Treatment orders of qualified health professionals, when applicable.
 - f. A statement of medications being taken while in the program.

Each program shall have a written policy/procedure to govern the development, implementation and management of service plans. Each client is to be reassessed every three months to determine the results of implementation of the service plan. If observation indicates a change in client status, a reassessment may be necessary before three months have passed.

5. Each program shall maintain comprehensive and complete client files which include at a minimum:
 - a. Details of client's referral to adult day care program.
 - b. Intake records.
 - c. Assessment of individual need or copy of assessment (and reassessments) from the referring program.
 - d. Service plan (with notation of any revisions).
 - e. Listing of client contacts and attendance.
 - f. Progress notes in response to observations (at least monthly).
 - g. Notation of all medications taken on premises (including 1. the medication, 2. the dosage, 3. the date and time, 4. initials of staff person who assisted, and 5. comments).
 - h. Notation of basic and optional services provided to the client
 - i. Notation of any and all release of information about the client, signed release of information form, and all client files shall be kept confidential in controlled access files. Each program shall use a standard release of information form which is time-limited and specific as to the information being released.
6. Each adult day care program shall provide directly or make arrangements for the provision of the following services. If arrangements are made for provision of any service at a place other than program operated facilities, a written agreement specifying supervision requirements and responsibilities shall be in place.
 - a. Transportation.

MICHIGAN OFFICE OF SERVICES TO THE AGING

- b. Personal care.
 - c. Nutrition: one hot meal per eight-hour day which provides one-third of recommended daily allowances and follows the meal pattern of the General Requirements for Nutrition Programs. Participants in attendance from eight to fourteen hours shall receive an additional meal in order to meet a combined two-thirds of the recommended daily allowances. Modified diet menus should be provided, where feasible and appropriate, which take into consideration client choice, health, Religious and ethnic diet preferences. Meals shall be acquired from a congregate meal provider where possible and feasible.
 - d. Recreation: consisting of planned activities suited to the needs of the client and designed to encourage physical exercise, to maintain or restore abilities and skill, to prevent deterioration, and to stimulate social interaction.
7. Each adult day care program may provide directly or make arrangements for the provision of the following optional services. If arrangements are made for provision of any service at a place other than program operated facilities, a written agreement specifying supervision requirements and responsibilities shall be in place.
- a. Rehabilitative: physical, occupational, speech and hearing therapies provided under order from a physician by licensed practitioners.
 - b. Medical support: laboratory, x-ray, pharmaceutical services provided under order from a physician by licensed professionals.
 - c. Services within the scope of the Nursing Practice Act.
 - d. Dental: under the direction of a dentist.
 - e. Podiatric: provided or arranged for under the direction of a physician.
 - f. Ophthalmologic: provided or arranged for under the direction of an ophthalmologist.
 - g. Health counseling.
 - h. Shopping assistance/escort.
8. Each program shall establish written policies and procedures to govern the assistance to be given participants in taking medications while participating in the program. The policies and procedures must address:
- a. Written consent from the client, or client's representative, to assist in taking medications.
 - b. Verification of medication regimen, including prescriptions and dosages.
 - c. Training and authority of staff to assist clients in taking medications.
 - d. Procedures for medication set up.
 - e. Secure storage of medications belonging to and brought in by participants.
 - f. Disposal of unused medications.
 - g. Instructions for entering medication information in client files, including times and frequency of assistance.
9. Each provider shall establish a written policy/procedure for discharging individuals from the program that includes, at a minimum, one or more of the following:
- a. The participant's desire to discontinue attendance.
 - b. Improvement in the participant's status so that they no longer meet eligibility requirements.
 - c. An increase in the availability of caregiver support from family and/or friends.
 - d. Permanent institutionalization of client.

MICHIGAN OFFICE OF SERVICES TO THE AGING

- e. When the program becomes unable to continue to serve the client and referral to another provider is not possible.
10. Each program shall employ a full-time program director with a minimum of a bachelor's degree in a health or human services field or be a qualified health professional. The program shall continually provide support staff at a ratio of no less than one staff person for each ten participants. Health support services may be provided only under the supervision of a registered nurse. If the program acquires either required or optional services from other individuals or organizations, it shall be accomplished through a written agreement that clearly specifies the terms of the arrangement.
 11. Program staff shall be provided with an orientation training that includes, in addition to the topics specified in the General Requirements for All Service Programs, assessment/observation skills and basic first-aid.

Program staff shall be provided in-service training at least twice each year, which is specifically designed to increase their knowledge and understanding of the program, aging process issues, and to improve their skills at tasks performed in the provision of service. Issues addressed under the aging process may include, though are not limited to, cultural diversity, dementia, cognitive impairment, mental illness, abuse and exploitation. Records shall be maintained which identify the dates of training, topics covered and persons attending.
 12. If the program operates its own vehicles for transporting clients to and from the service center the following transportation minimum standards shall be met:
 - a. All drivers and vehicles shall be appropriately licensed and all vehicles used shall be appropriately insured.
 - b. All drivers shall be required to assist persons to get in and out of vehicles. Such assistance shall be available unless expressly prohibited by either a labor contract or an insurance policy.
 - c. All drivers shall be trained to respond to medical emergencies.
 13. Each program shall have first aid supplies available at the service center. A staff person knowledgeable in first-aid procedures, including CPR, shall be present at all times participants are in the service center.
 14. Procedures to be followed in emergency situations (fire, severe weather, etc.) shall be posted in each room of the service center. Practice drills of emergency procedures shall be conducted once every six months. The program shall maintain a record of all practice drills.
 15. Each service center shall have the following furnishings:
 - a. At least one straight back or sturdy folding chair for each participant and staff person.
 - b. Lounge chairs and/or day beds as needed for naps and rest periods.
 - c. Storage space for participants' personal belongings.
 - d. Tables for both ambulatory and non-ambulatory participants.
 - e. A telephone that is accessible to all participants.
 - f. Special equipment as needed to assist persons with disabilities.

All equipment and furnishings in use shall be maintained in safe and functional condition.

Community

SERVICE NAME	Dementia Adult Day Care
SERVICE NUMBER	C-2
SERVICE CATEGORY	Community
SERVICE DEFINITION	Daytime care of any part of the day, but less than 24 hours care, for older persons with dementia provided through a structured program of social and rehabilitative and/or maintenance services in a supportive or group setting other than the client's home. These standards are in addition to OSA Adult Day Services Standards.
UNIT OF SERVICE	One hour.

Minimum Standards

1. The Dementia Adult Day Care (DADC) program shall be accessible. This means the center is to be located within a convenient distance of clients' homes. The DADC should provide or arrange for transportation, if possible. All drivers and vehicles shall be appropriately licensed and insured. Each program shall develop standards regarding criteria for safe driving records of persons responsible for providing transportation. Drivers shall make every effort to provide physical assistance to persons requiring help in and out of vehicles and buildings and be trained to respond to medical emergencies.
2. All DADC participants shall have a physical exam within six months of program admission. Staff shall establish a care plan objective to work with families to obtain a current medical evaluation. The physician's written authorization and recommendations for activity participation, medication and diet shall be obtained within one month of entering DADC.
3. The program shall demonstrate evidence of outreach services to non-enrolled families through home visits, follow-up phone calls and dissemination of printed materials that clearly describe services provided by the program.
4. The program shall demonstrate evidence of providing opportunities for care givers to discuss concerns, feelings, physical care and stress management techniques via case consultation, care conferences or supportive counseling.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

5. The program shall demonstrate evidence of providing care giver information and education about dementia or to assist care givers in obtaining it through referral to local self-help organizations, or dementia resource libraries regarding:
 - a. Diagnosis, stages/progression of dementia conditions, aspects of Alzheimer's disease that lead to forgetfulness, misperceptions or misidentification of objects or people.
 - b. Task breakdown, verbal/nonverbal communication approaches and emphasis upon areas of strength and remaining capacity.
 - c. Financial, legal and placement planning considerations.
6. The program shall demonstrate awareness of and referral to other support services as needed, such as family support groups of the Alzheimer's Association, Parkinson's and Huntington's Disease Foundations; in-home, congregate and overnight respite; home-based nursing and personal care services; benefit entitlement programs; and brain autopsy services.
7. The program shall have clear provisions for ensuring the availability of crisis response services for persons with dementia and their families. If this service is not provided directly by the host agency, there is evidence of a formal arrangement with the local community mental health board or center to provide the service.
 - a. Availability of crisis services includes the capacity for the program to address situations such as:
 - (1) Illness or death of the primary care giver.
 - (2) Suicidal ideation of the care giver or person with dementia.
 - (3) Abusive behavior of the person with dementia or care giver; neglect or exploitation as defined by the Michigan Department of Human Services.
 - (4) Adverse incident during the delivery of service.
8. DADC program staff shall be trained in crisis procedures.
 - a. Staff shall notify the program supervisor of any physical or behavioral changes in a program participant or care giver that may warrant further evaluation or medical attention. Staff shall advise the care giver to seek professional consultation or medical attention for the identified concern.
9. The DADC program shall have a policy to address potential waiting lists. The program supervisor is responsible for monitoring service usage on a weekly basis and contacting families bi-monthly that may be on a waiting list, to apprise them of their status. The program shall demonstrate efforts to provide case consultation to such families to assist care givers in developing a provisional plan of care and refer them to other appropriate services, as available.
 - a. Participant and family preferences shall be given consideration in scheduling respite services.
10. The DADC program should have established admission criteria, which includes the following:
 - a. Persons with a diagnosis of Alzheimer's disease or other type of dementia. Other persons who display symptoms of dementia yet have not undergone a diagnostic evaluation may be considered for admission with the provision that written confirmation of diagnosis by a

MICHIGAN OFFICE OF SERVICES TO THE AGING

- physician shall be obtained within 90 days of admission. Persons with dementia shall constitute the majority of participants.
- b. Persons demonstrating significant impairments in cognition, communication and personal care activities of daily living that may require one or more of the following:
 - (1) Modifications in environmental cues, communication approach and task breakdown to enhance comprehension and participation in identified activities.
 - (2) Supervision to maintain personal safety.
 - (3) Hands-on assistance to perform activities of toileting, grooming, hygiene and bathing.
 - c. Person is responsive to redirection and other supportive verbal interventions when angry, anxious, lost or upset.
 - d. Person does not have an acute medical illness.
 - e. Person is free of communicable respiratory disease and hepatitis.
 - f. Client's family understands and is willing to comply with program policies related to participation in service planning, communication of status changes or planned absences, and payment of fees.
11. The DADC program coordinator shall meet certain staffing requirements:
- a. Each dementia respite program shall have a coordinator who possesses both formal education and prior work experience commensurate with the responsibilities of program development and operation; supervision and training of staff; interagency relations; coordination and maintenance of all appropriate administrative, program and client records. He or she shall be responsible for assuring that full-time coverage is provided during hours of program operation.
 - b. The program coordinator shall ensure that individual and group supervision is provided at regularly scheduled intervals.
 - c. A person who has at minimum, a bachelor's degree in health or human services, gerontology or related field, shall supervise all dementia respite program personnel.
 - d. Inexperienced personnel shall complete dementia care training prior to being scheduled to work with clients.
 - e. All program personnel shall be knowledgeable about Alzheimer's disease and other related dementias and demonstrate the ability to communicate effectively with people who have dementia.
12. The DADC program shall meet the following requirements:
- a. Use a mixture of both structured and unstructured 1:1 and small group activities that stimulate multiple senses, reminisce and draw upon remaining capacities.
 - b. Tailor activities to the functional and cognitive level of individual participants.
 - c. Provide a supportive environment which reduces the level of participant anxiety, inactivity and promotes a sense of personhood and identity.

MICHIGAN OFFICE OF SERVICES TO THE AGING

13. The program shall arrange to use program consultants, as necessary, such as medical and mental health professionals, environmental specialists and other therapists. DADC programs shall work toward developing the following as necessary:
 - a. RN (or LPN under RN supervision) to provide physical health and support services a minimum of four hours/month.
 - b. Social worker or certified counselor to coordinate and provide counseling and linkage for a minimum of four hours/month.
 - c. Arrangements to access cognitive and psychiatric specialists to evaluate difficult behaviors and to develop alternative interventions for care givers to try.
 - d. Arrangements to access physical, speech and occupational therapies.
14. The DADC programs shall have a minimum staff/volunteer/student participant ratio of 1:3. At least one staff shall be on site at all times when participants are in attendance.
15. All persons responsible for transporting clients shall have a valid driver's license or chauffeur's license, as required by the Michigan Secretary of State; a safe driving record with not more than three points; and training with valid certification in first aid and CPR.
16. All DADC programs shall have a formal staff development program.
 - a. All staff shall complete an initial training program that includes content in the following areas:
 - (1) Normal aging vs. Alzheimer's disease and related conditions
 - (2) Impact of Alzheimer's disease and related disorders upon the person with dementia and family care givers
 - (3) Communication enhancement techniques
 - (4) Assessment and management of difficult behaviors
 - (5) Physical care techniques related to activities of daily living
 - (6) Emergency response procedures
 - (7) Access to assessment, care giver information and education
 - (8) Access to information and referral to other community services
 - (9) Therapeutic 1:1 and small group activities
 - (10) Environmental modification and home safety
 - (11) Adult protective services law
 - (12) Recipient rights.
 - b. All personnel shall attend, at a minimum, two in-service training programs per year after completing the initial training program above.
 - c. All personnel shall be required to participate in staff meetings, individual and group supervisory conferences, as scheduled, to develop their knowledge and expertise.

MICHIGAN OFFICE OF SERVICES TO THE AGING

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

Community

SERVICE NAME	Congregate Meals
SERVICE NUMBER	C-3
SERVICE CATEGORY	Community
SERVICE DEFINITION	The provision of nutritious meals to older individuals in congregate settings.
UNIT OF SERVICE	Each meal served to an eligible participant.

Minimum Standards

1. Each program shall have written eligibility criteria that places emphasis on serving older individuals in greatest need and includes, at a minimum:
 - a. That the eligible person must be 60 years of age or older, or be the spouse or partner of a person 60 years of age or older.
 - b. That individuals living with disabilities who have not attained 60 years of age but who reside in housing facilities occupied primarily by older adults at which congregate nutrition services are provided, may receive such services.
 - c. That non-older adult individuals living with disabilities who reside in a non-institutional household may accompany an eligible older individual and may participate on the same basis as the elderly participants.
 - d. Whether, at the provider's discretion, a non-senior volunteer who directly supports meal site and/or food service operations may be provided a meal. Such meals may be provided only after all eligible participants have been served and meals are available. A fee is not required for non-senior volunteer meals and such meals are to be included in National Aging Programs Information System (NAPIS) meal counts.
2. At the provider's discretion, persons not otherwise eligible may be served, if meals are available, and they pay the full cost of the meal. The full cost includes raw food, preparation costs, and any administrative and/or supporting services costs. Documentation that full payment has been made shall be maintained.
3. Each congregate nutrition provider shall be able to provide information relative to eligibility for home delivered meals and be prepared to make referrals for persons unable to participate in the congregate program and who appear eligible for a home delivered meals program.
4. Each congregate meal site shall be able to document:
 - a. That it is operated within an accessible facility. Accessibility is defined as a participant living with a disability being able to enter the facility, use the rest room, and receive service that is at least equal in quality to that received by a participant not living with a disability. Documentation from a local building official

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

- or licensed architect is preferred. A program may also conduct accessibility assessments of its meal sites when utilizing written guidelines approved by the respective Area Agency on Aging (AAA).
- b. That it complies with local fire safety standards. Each meal site must be inspected, by a local fire official, no less frequently than every three years. For circumstances where a local fire official is unavailable after a formal (written) request, a program may conduct fire safety assessments of its meal sites when utilizing written guidelines approved by the respective AAA.
 - c. Compliance with Michigan Food Code and local public health codes regulating food service establishments. Each meal site and kitchen operated by a congregate meal provider shall be licensed, as appropriate, by the local health department. The local health department is responsible for periodic inspections and for determining when a facility is to be closed for failure to meet Michigan Food Code standards. The program shall submit copies of inspection reports on all facilities to the respective AAA within ten days of receipt. It is the responsibility of the program to address noted violations promptly.
5. Each program, through a combination of its meal sites, must provide meals at least once a day, five or more days per week. Programs may serve up to three meals per day at each meal site.
 6. Each site shall serve meals at least three days per week with a minimum annual average of 10 eligible participants per serving day. If the service provider also operates a home delivered meals program, home delivered meals sent from a site may be counted towards the 10 meals per day service level. Waivers to this requirement may be granted by the respective AAA only when the following can be demonstrated:
 - a. Two facilities must be utilized to effectively serve a defined geographic area for three days per week.
 - b. Due to a rural or isolated location, it is not possible to operate a meal site three days per week.
 - c. Seventy-five percent or more of participants at a meal site with less than 10 participants per day are in great economic or social need. Such meal sites must operate at least three days per week.
 7. Congregate meal sites currently in operation by the program may continue to operate unless the respective AAA determines relocation is necessary in order to more effectively serve socially or economically disadvantaged older persons. New and/or relocated meal sites shall be located in an area which has a significant concentration of the over aged 60 population living at or below the poverty level or with an older minority or ethnic population comprising a significant concentration of the total over-60 population. The Michigan Office of Services to the Aging (OSA) must approve, in writing, the opening of any new and/or relocated meal site prior to the provision of any meals at that site.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

8. When a meal site is to be permanently closed, the following procedures shall be followed:
 - a. The program shall notify the respective AAA in writing of the intent to close a meal site.
 - b. The program shall present a rationale for closing the meal site which is based on lack of attendance, inability to meet minimum standards and/or other requirements, loss of resources, or other justifiable reason.
 - c. The respective AAA shall review the rationale and determine that all options for keeping the site open or being relocated have been exhausted. If there remains a need for service in the area that was served by the meal site, efforts should be made to develop a new meal site and/or assist participants to attend another existing meal site.
 - d. The respective AAA shall approve in writing the closing of all meal sites operating with funds awarded from OSA and notify OSA of all meal site closings. If a meal site to be closed is located in an area where low-income and/or minority persons constitute 25% or more of the population, or if low-income and/or minority persons constituted more than 25% of meal participants served over the past 12 months, OSA must also approve in writing the closing of the meal site.
 - e. The program shall notify participants at a meal site to be closed of the intent to close the site at least 30 days prior to the last day of meal service.
9. Each program shall document that appropriate preparation has taken place at each meal site for procedures to be followed in case of an emergency including:
 - a. An annual fire drill.
 - b. Staff and volunteers shall be trained on procedures to be followed in the event of a severe weather storm or natural disaster and the county emergency plan.
 - c. Posting and training of staff and regular volunteers on procedures to be followed in the event of a medical emergency.
10. Each program shall have written agreements with the owners of all leased facilities used as meal sites. Written agreements are recommended for donated facilities, but not required. The agreements shall address at a minimum:
 - a. Responsibility for care and maintenance of facility, specifically including restrooms, equipment, kitchen, storage areas and areas of common use.
 - b. Responsibility for snow removal.
 - c. Agreement on utility costs.
 - d. Responsibility for safety inspections.
 - e. Responsibility for appropriate licensing by the Public Health Department.
 - f. Responsibility for insurance coverage.
 - g. Security procedures.
 - h. Responsibility for approval of outside programs, activities and speakers.
 - i. Other issues as desired or required.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

11. A program may enter into an agreement with an organization operating a congregate meal site in order for that organization to receive Nutrition Services Incentive Program (NSIP) funding for meals served to persons aged 60 and over, upon approval of the respective AAA. Any meal site receiving NSIP-only funding must operate in compliance with all federal requirements and state operating standards pertaining to the congregate meal program and assure the availability of adequate resources to finance the operation of the meal site without charge to program participants. The program shall have a written agreement with each organization operating NSIP-only meal sites. This agreement shall be either OSA's standardized "Agreement for Receipt of Supplemental NSIP Cash Payment" or one that contains the same components.
12. Each program shall display, at a prominent location in each meal site, the OSA Community Nutrition Services poster. The program may use its own poster as long as all required information is included and clearly presented. The poster shall contain the following information for each program: the name of the nutrition project director; the nutrition project director's telephone number; the suggested donation for eligible participants; the guest fee to be charged non-eligible participants; and, a statement of non-discrimination identical to the language on the OSA poster. Additional information pertaining to the program shall not be displayed so as to avoid any misunderstanding or confusion with information presented on the poster.
13. Each program shall make available, upon request, food containers and utensils for participants who are living with disabilities.
14. Congregate meal programs receiving funds through OSA may not contribute towards, provide staff time, or otherwise support potluck dining activities.
15. Each program shall have a project council, comprised of program participants, to advise program administrators about services being provided. Program staff shall not be members of the project council.
16. Temporary Meal Site Closings. If a meal site must be closed, or moved temporarily, the nutrition provider must notify the AAA and in turn, the AAA must notify the OSA field representative via facsimile or email, including information on why the closing occurred, how long it will last, how participants will be notified. Refer to Transmittal Letter #2009-175.
17. Food Taken Out of Meal Site (leftovers). Nutrition providers may allow leftovers (food served to participants and not eaten) to be taken out of the site if the following conditions are met:
 - a. A sign shall be posted near the congregate meal sign informing the meal participants that all food removed from the site becomes the responsibility of the individual.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

- b. All new congregate participants receive written material about food safety and preventing food-borne illness when they sign up.
 - c. All participants receive written material about food safety and preventing food-borne illness annually.
 - d. The individual is required to sign a waiver statement that should be added to the National Aging Program Information System form that states the individual understands that they are responsible for food taken out of the site.
 - e. Containers are not provided for the leftovers.
18. If a regular congregate meal participant is unable to come to the site due to illness, the meal may be taken out of the site to the individual for no more than seven days. If needed for more than seven days, the participant should be evaluated for home delivered meals. If the person taking out the meal is also a regular congregate participant, they may also take their meal out.
19. Off-Site Meals. Off-site meals that are part of an organized older adult activity are allowed if the following conditions are met:
- a. The activity must be sponsored by an aging network agency/group. (For example, Council/Commission on Aging, senior center, etc.)
 - b. The sponsoring agency has worked with the nutrition provider to meet the standards.
 - c. The activity, including the meal, must be open to all eligible participants.
 - d. The take away meal must meet all the requirements of food safety, and be foods that are low-risk for food borne illness.
 - e. Local health department rules and regulations, if any, supersede this standard and must be followed.
 - f. The meal site must provide written notification to the AAA nutrition program staff person prior to the event.
 - g. AAA nutrition program staff person must inform their OSA field representative of the date, time, and sponsoring agency of the activity prior to the event.
 - h. Covered under Transmittal Letter #2008-167.
20. Second Meal Option. Nutrition providers may elect to offer second meals at specified dining sites. A second meal is defined as a shelf-stable meal, a frozen meal, or a meal that is low-risk for food borne illness. A congregate meal participant may qualify for a second meal if:
- a. The participant eats a regularly scheduled meal at the meal site;
 - b. The participant has requested a second meal following the nutrition provider's process; (i.e. phone request)

The second meal must meet the OSA nutrition standards. Donations may be accepted for second meals. The second meal is given to the participant when they leave the congregate site. It must be stored properly until the participant is ready to leave for the day. The second meal is to be counted as a congregate meal in all

MICHIGAN OFFICE OF SERVICES TO THE AGING

record keeping. The second meal option does not apply to NSIP-only sites. Refer to Transmittal Letter #2009-191.

21. Participant Choice. Person-Centered Planning involves participant choice. Participants in this program are allowed to participate in both home delivered and congregate programs at the same time. Proper documentation must be kept as to the home-delivered meal schedule and the congregate schedule. An agreement between the AAA and the nutrition provider regarding participants who may be in both programs is encouraged.
22. Voucher Meals. Nutrition providers may develop a program using vouchers for meals to be eaten at a restaurant, café, or other food service establishment. The program must meet the following standards:
 - a. The restaurant, café, or other food service establishment must be licensed, and follow the Michigan Food Code, and is inspected regularly by the local health jurisdiction.
 - b. The restaurant, café, or other food service establishment agrees to provide at least one meal that meets Association on Aging and OSA nutrition standards for meals.
 - c. The restaurant, café, or other food establishment must be barrier-free and Americans with Disabilities Act (ADA) compliant.
 - d. The nutrition provider and restaurant, café, or other food establishment must have a written agreement that includes: 1) how food choices will be determined: 2) how food choices will be advertised/offered to voucher holder: 3) how billing will be handled (will a tip be included in the unit price, i.e. if the meal reimbursement is \$6.25, will \$.25 be used toward the tip?); 4) How reporting takes place (frequency and what is reported): 5) evaluation procedures: and 6) a statement that voucher holders may take leftovers home, and that they may purchase additional beverages and food with their own money.
 - e. A copy of the written agreement shall be given to the AAA nutrition program coordinator.
 - f. A written plan must be developed and kept on file that includes consideration of the following items: 1) location of the restaurant, café, or other food service establishment in regard to congregate meal site locations; 2) establishment of criteria for program participation – how restaurant, café, or other food service establishments are selected to participate and how new establishments can apply to participate; 3) how older adults qualify for and obtain their vouchers, i.e. senior centers, nutrition provider office, nutrition program representative meets with older adults and the restaurant, café, or other food service establishment to issue vouchers and collect donations; and, 4) how frequently menu choices will be reviewed and revised by the AAA Dietitian or equivalent.
 - g. Nutrition providers must allow older adults to use congregate meal sites and voucher programs interchangeably. If a nutrition provider chooses to do so, the plan described in item f. above must detail how this will be done.

MICHIGAN OFFICE OF SERVICES TO THE AGING

23. Adult Foster Care/other Residential Care. Adult Foster Care (AFC) or other residential providers that bring their residents to congregate meal sites shall be requested to pay the suggested donation amount for meals provided to residents and staff 60 years of age or older. For those AFC residents and staff under the age of 60, the guest charge must be paid as posted at each meal site. The congregate meal provider may request the AFC program to provide staff to assist the residents they bring with meals and other activities attended.
24. Complimentary Programs/Demonstration Projects. AAAs and nutrition providers are encouraged to work together to provide programming at the congregate meal sites that include activities and meals. AAAs and nutrition providers may conduct a demonstration project to assess the feasibility of alternate delivery systems for congregate meals, such as but not limited to, providing a sack meal for persons that participate in an activity at the site that is not immediately before or after a scheduled meal time. Demonstration projects must be approved by OSA prior to implementation.

ALLOWABLE SERVICE COMPONENTS	<p>Preparation of Legal Documents. Documents such as contracts, wills, powers of attorney, leases, or other documents may be prepared and executed by legal assistance programs.</p> <p>Negotiation. Within the rules of professional responsibility, program staff may contact other persons concerned with the client’s legal problem in order to clarify factual or legal contentions and possibly reach an agreement to settle legal claims or obtain services and supports.</p> <p>Legal Education. Legal assistance program staff may prepare and present programs to inform older adults of their rights, the legal system, and possible courses of legal action.</p> <p>Community Collaboration and Planning. Legal assistance programs should participate in activities that impact elder rights advocacy efforts for older adults such as policy development, program development, planning and integration activities, targeting and prioritizing activities, and community collaborative efforts.</p>
UNIT OF SERVICE	<p>Provision of one hour of an allowable service component.</p>

Introduction

Each area agency on aging (AAA) should contract with the legal assistance program with the capacity to perform the full range of allowable service components that is best able to serve the legal needs of the community given the resources available. AAAs are able to contract with Legal Services Corporation (LSC) grantees, non-LSC non-profit legal programs, private attorneys, law school clinics, legal hotlines or other low-cost legal services delivery systems. It is a conflict of interest for any AAA to have in-house counsel serve as the Title IIIB legal services provider.

Minimum Standards

1. Each legal assistance program shall have an established system for targeting and serving older adults in greatest social and economic need within the OAA defined program target areas of income, health care, long term care, nutrition, housing, utilities, and protective services, defense of guardianship, abuse, neglect and discrimination. Each program shall complete and re-evaluate annually a program priority report and plan for targeting services to the most socially and economically vulnerable. This report shall be provided to the AAA and the Michigan Office of Services to the Aging (OSA).
2. Each legal assistance program shall work to develop outcome measures to reflect the impact of legal services intervention on individual clients and older adults in the greatest social and economic need in the service area. These outcomes shall be used for program development.

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

3. Services may be provided by an attorney licensed to practice law in the State of Michigan or a paralegal or student under the supervision and guidance of an attorney licensed to practice law in the State of Michigan.
4. Legal assistance programs may engage in and support client impact work, including but not limited to class action suits where a large group of older adults are affected by a legal inequity. For client impact work, programs are encouraged to utilize technical assistance resources such as the Michigan Poverty Law Program (MPLP).
5. Each legal assistance program shall demonstrate coordination with local long term care advocacy programs, aging services programs, Aging and Disability Resource Centers (ADRCs), elder abuse prevention programs and service planning efforts operating within the project area.
6. When a legal assistance program identifies issues affecting clients that may be remedied by legislative action, such issues shall be brought to the attention of the AAA, OSA, MPLP and other programs offering technical assistance to legal providers.
7. Each legal assistance program shall provide assurance that it operates in compliance with the OAA, as set forth in 45 CFR Section 1321.71.
8. As part of an integrated legal services delivery system, each legal assistance program that is not part of a Legal Services Corporation (LSC) project grantee shall have a system to coordinate its services with the existing LSC projects in the planning and service area in order to concentrate the use of funds provided under this definition to individuals with the greatest social and economic need. Each program shall also coordinate with the Legal Hotline for Michigan Seniors (LHMS) and the Counsel and Advocacy Law Line (CALL). Where feasible, each program should also coordinate with other low cost legal service delivery mechanisms, the private bar, law schools, and community programs in the service area to develop the targeting and program priority plan.
9. Each program shall make reasonable efforts to maintain existing levels of legal assistance for older individuals being furnished with funds from sources other than Title III Part B of the OAA.
10. A legal assistance program may not be required to reveal any information that is protected by attorney/client privilege. Each program shall make available non-privileged, non-confidential, and unprotected information which will enable the AAA to perform monitoring of the provider's performance, under contract, with regard to these operating standards.
11. Each legal assistance program should participate in statewide and local legal service planning groups including MPLP's Elder Law Task Force. Each legal assistance program is expected to participate in at least two (2) Task Force meetings per year. Participation by conference call/webinar is acceptable.
12. Each legal assistance program should participate in elder law training and technical assistance activities.
13. Each legal assistance program shall report program data through the Legal Services Information System (LSI) application of OSA's Aging Information System (AIS). Legal assistance programs will submit/post data in the LSI quarterly. Data shall be submitted no later than 30 days after the end of the quarter. AAAs

MICHIGAN OFFICE OF SERVICES TO THE AGING

Operating Standards For Service Programs

will utilize the LSI to retrieve needed legal services program data and will consult with OSA prior to requiring additional reports or data from the legal program. The requirement for legal assistance programs to report data through the LSI shall be included in AAA/legal assistance program contracts.
