

SUPPORT GROUPS

Contact our Helpline at 800.272.3900 or helplinegmc@alz.org with questions or to register.

Support Groups and their facilitators are not to be contacted for commercial purposes, solicitation or visits from anyone who is not currently caring for someone with dementia.

Build a support system with people who understand. Alzheimer's Association® caregiver support groups, conducted by trained facilitators, are a safe place for caregivers, family & friends of persons with dementia to:

- Develop a support system.
- Exchange practical information on caregiving challenges, possible solutions and learn about community resources.
- Talk through issues and ways of coping.
- Share feelings, needs and concerns.
