

# Special Event

*A Michigan Alzheimer's Disease Center inclusive event for the public.*

Everyone with a brain is at risk for dementia, but did you know that members of the LGBTQ+ community are 29% more likely to report problems with their memory than their cisgender, heterosexual counterparts? Join us to learn more facts about dementia in the LGBTQ+ community, and how EVERYONE, LGBTQ+ or not, can take care of our brains and bodies in order to age as well as possible.

## *To register*

Registration is required. Please register online at [michmed.org/93Kbb](http://michmed.org/93Kbb).

Contact Noelle Simoneaux at [nksimone@umich.edu](mailto:nksimone@umich.edu) with any questions.
