

# WHAT TO DO

The Office of Inspector General (OIG) fights waste, fraud, and abuse in Medicare, Medicaid, and more than 300 programs of the Department of Health and Human Services. The result? Taxpayer and patients save money; quality of health care is protected.

## Types of Health Care Fraud and Abuse

- ⊕ Billing for services, prescriptions, supplies, or equipment that were not needed or provided
- ⊕ Submitting duplicate claims for the same service
- ⊕ Charging for a more expensive or complex service than what was actually provided
- ⊕ Billing a service as covered by Medicare or Medicaid-when it actually isn't
- ⊕ Failing to meet quality of care standards, resulting in patient abuse and neglect
- ⊕ Misrepresenting the service provided
