**Tribal consultation.**

For initial and renewal waiver requests, please describe the efforts the State has made to ensure Federally recognized tribes in the State are aware of and have had the opportunity to comment on this waiver proposal.

MDHHS completed a 60-day tribal notification period beginning March 1, 2023. The comment period for this tribal notification was March 1, 2023 through April 15, 2023. No comments were received from the tribes. Tribes also had an opportunity to comment during the general public comment period from May 1 through June 1.

**Program History.**

For renewal waivers, please provide a brief history of the program(s) authorized under the waiver. Include implementation date and major milestones (phase-in timeframe; new populations added; major new features of existing program; new programs added).

MI Choice is a § 1915(c) waiver used to deliver home and community based services to elderly and disabled individuals meeting Michigan's nursing facility level of care who, but for the provision of such services, would require services provided in a nursing facility. The goal is to provide home and community based services and supports to participants using a person-centered planning process that allows them to maintain or improve their health, welfare, and quality of life. The waiver is administered by the Michigan Department of Health and Human Services (MDHHS), Behavioral and Physical Health and Aging Services Administration (BPHASA), which is the Single State Medicaid Agency. MDHHS exercises administrative discretion in the administration and supervision of the waiver, as well as all related policies, rules, and regulations.

MI Choice is a Medicaid managed care program. MI Choice participants receive services from entities classified as Prepaid Ambulatory Health Plans (PAHPs), otherwise referred to as waiver agencies. MDHHS contracts with waiver agencies to carry out its waiver obligations. Each waiver agency must sign a provider agreement with MDHHS assuring that it meets all program requirements.

Waiver agencies may use written contracts meeting the requirements of 42 CFR 434.6 to deliver other services. Entities or individuals under subcontract with the waiver agency must meet provider standards described elsewhere in the waiver application. Subcontracts also assure that providers of services receive full reimbursement for services outlined in the waiver application. Providers meeting the requirements outlined in the waiver are permitted to participate.

MI Choice operates concurrently with the §1915(c) waiver MI.0233.R06.00. Participants enrolled in MI Choice may not be enrolled simultaneously in another of Michigan's §1915(c) waivers.

The substantive changes MDHHS is making in this waiver renewal are:

The two new services (Residential Services and Assistive Technology) in the 1915(c) waiver were added to the list in Section A, Part I Program Overview, Other.

Under Section B, Part II, Details of Monitoring Activities:

## Section A: Program Description

### Part I: Program Overview

#### A. Statutory Authority (1 of 3)

**1. Waiver Authority.** The State's waiver program is authorized under section 1915(b) of the Act, which permits the Secretary to waive provisions of section 1902 for certain purposes. Specifically, the State is relying upon authority provided in the following subsection(s) of the section 1915(b) of the Act (if more than one program authorized by this waiver, please list applicable programs below each relevant authority):

- a. **1915(b)(1)** - The State requires enrollees to obtain medical care through a primary care case management (PCCM) system or specialty physician services arrangements. This includes mandatory capitated programs.  
-- *Specify Program Instance(s) applicable to this authority*

**MI Choice**

- b. **1915(b)(2)** - A locality will act as a central broker (agent, facilitator, negotiator) in assisting eligible individuals in choosing among PCCMs or competing MCOs/PIHPs/PAHPs in order to provide enrollees with more information about the range of health care options open to them.  
-- *Specify Program Instance(s) applicable to this authority*

**MI Choice**

- c. **1915(b)(3)** - The State will share cost savings resulting from the use of more cost-effective medical care with enrollees by providing them with additional services. The savings must be expended for the benefit of the Medicaid beneficiary enrolled in the waiver. Note: this can only be requested in conjunction with section 1915(b)(1) or (b)(4) authority.  
 -- *Specify Program Instance(s) applicable to this authority*

**MI Choice**

- d. **1915(b)(4)** - The State requires enrollees to obtain services only from specified providers who undertake to provide such services and meet reimbursement, quality, and utilization standards which are consistent with access, quality, and efficient and economic provision of covered care and services. The State assures it will comply with 42 CFR 431.55(f).  
 -- *Specify Program Instance(s) applicable to this authority*

**MI Choice**

The 1915(b)(4) waiver applies to the following programs

**MCO**

**PIHP**

**PAHP**

**PCCM** (Note: please check this item if this waiver is for a PCCM program that limits who is eligible to be a primary care case manager. That is, a program that requires PCCMs to meet certain quality/utilization criteria beyond the minimum requirements required to be a fee-for-service Medicaid contracting provider.)

## Section A: Program Description

### Part I: Program Overview

#### A. Statutory Authority (2 of 3)

**2. Sections Waived.** Relying upon the authority of the above section(s), the State requests a waiver of the following sections of 1902 of the Act (if this waiver authorizes multiple programs, please list program(s) separately under each applicable statute):

- a. **Section 1902(a)(1)** - Statewideness--This section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. This waiver program is not available throughout the State.  
 -- *Specify Program Instance(s) applicable to this statute*

**MI Choice**

- b. **Section 1902(a)(10)(B)** - Comparability of Services--This section of the Act requires all services for categorically needy individuals to be equal in amount, duration, and scope. This waiver program includes additional benefits such as case management and health education that will not be available to other Medicaid beneficiaries not enrolled in the waiver program.  
 -- *Specify Program Instance(s) applicable to this statute*

**MI Choice**

- c. **Section 1902(a)(23)** - Freedom of Choice--This Section of the Act requires Medicaid State plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted. That is, beneficiaries enrolled in this program must receive certain services through an MCO, PIHP, PAHP, or PCCM.  
 -- *Specify Program Instance(s) applicable to this statute*

MI Choice

- d. **Section 1902(a)(4)** - To permit the State to mandate beneficiaries into a single PIHP or PAHP, and restrict disenrollment from them. (If state seeks waivers of additional managed care provisions, please list here).

Beneficiaries must enroll into a single PAHP in regions that only have one PAHP available. These regions are: Region 1A, Region 2, Region 5, Region 6, Region 9 and Region 11.

-- Specify Program Instance(s) applicable to this statute

MI Choice

- e. **Other Statutes and Relevant Regulations Waived** - Please list any additional section(s) of the Act the State requests to waive, and include an explanation of the request.

##### A. Statutory Authority (3 of 3)

**Additional Information.** Please enter any additional information not included in previous pages:

The level of enrollment does not justify multiple PAHPs in those regions that only have one PAHP available.

MDHHS complies with/will comply with 42 CFR Part 438 Subpart E as it applies to PAHPs.

Public Input:

Prior to writing if the renewal applications, MDHHS held six stakeholder meetings (November 2022 through January 2023) which were open to providers, waiver agencies, participants and their allies, and anyone else who chose to attend. MDHHS received feedback about aspects of the MI Choice Waiver that worked, things to be changed, and other ideas for improvements.

MDHHS issued a notification to the tribal governments on March 1, 2023, with a comment period. MDHHS did not receive any comments from the tribes.

MDHHS issued notification to providers and general public via electronic list servs, email, and non-electronic newspapers from May 1, 2023, through June 1, 2023. Comments were received, largely in support of the changes proposed, and some asking for clarification. Responses and clarifications have been developed and will be shared with commenters.

#### Part I: Program Overview

##### B. Delivery Systems (1 of 3)

**1. Delivery Systems.** The State will be using the following systems to deliver services:

- a. **MCO:** Risk-comprehensive contracts are fully-capitated and require that the contractor be an MCO or HIO. Comprehensive means that the contractor is at risk for inpatient hospital services and any other mandatory State plan service in section 1905(a), or any three or more mandatory services in that section. References in this preprint to MCOs generally apply to these risk-comprehensive entities.

- b. **PIHP:** Prepaid Inpatient Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments or other payment arrangements that do not use State Plan payment rates; (2) provides, arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. Note: this includes MCOs paid on a non-risk basis.

**The PIHP is paid on a risk basis**

**The PIHP is paid on a non-risk basis**

- c. **PAHP:** Prepaid Ambulatory Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments, or other payment arrangements that do not use State Plan payment rates; (2) does not provide or arrange for, and is not otherwise responsible for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. This includes capitated PCCMs.

**The PAHP is paid on a risk basis**

**The PAHP is paid on a non-risk basis**

- d. **PCCM:** A system under which a primary care case manager contracts with the State to furnish case management services. Reimbursement is on a fee-for-service basis. Note: a capitated PCCM is a PAHP.

- e. **Fee-for-service (FFS) selective contracting:** State contracts with specified providers who are willing to meet certain reimbursement, quality, and utilization standards.

- 2. **Procurement.** The State selected the contractor in the following manner. Please complete for each type of managed care entity utilized (e.g. procurement for MCO; procurement for PIHP, etc):

**Procurement for MCO**

**Competitive** procurement process (e.g. Request for Proposal or Invitation for Bid that is formally advertised and targets a wide audience)

**Open** cooperative procurement process (in which any qualifying contractor may participate)

**Sole source** procurement

**Other** (please describe)

**Procurement for PIHP**

**Competitive** procurement process (e.g. Request for Proposal or Invitation for Bid that is formally advertised and targets a wide audience)

**Open** cooperative procurement process (in which any qualifying contractor may participate)

**Procurement for PAHP**

**Competitive** procurement process (e.g. Request for Proposal or Invitation for Bid that is formally advertised and targets a wide audience)

**Open** cooperative procurement process (in which any qualifying contractor may participate)

**Sole source** procurement

**Other** (please describe)

MDHHS used a competitive procurement process in the past to select the waiver agencies. The waiver agencies are remaining in place as the PAHPs and MDHHS is not undergoing another competitive procurement process at this time.

**B. Delivery Systems (3 of 3)**

**Additional Information.** Please enter any additional information not included in previous pages:

MDHHS currently contracts with 20 waiver agencies throughout the state to operate and administer the MI Choice waiver. Each waiver agency is responsible for subcontracting with provider agencies to provide MI Choice services to participants who qualify for these services. This 1915(b) waiver runs concurrently with the MI Choice 1915(c) waiver, control number MI.0233.R06.00.

**Section A: Program Description**

**Part I: Program Overview**

**C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (1 of 3)**

**1. Assurances.**

The State assures CMS that it complies with section 1932(a)(3) of the Act and 42 CFR 438.52, which require that a State that mandates Medicaid beneficiaries to enroll in an MCO, PIHP, PAHP, or PCCM must give those beneficiaries a choice of at least two entities.

The State seeks a waiver of section 1932(a)(3) of the Act, which requires States to offer a choice of more than one PIHP or PAHP per 42 CFR 438.52. Please describe how the State will ensure this lack of choice of PIHP or PAHP is not detrimental to beneficiaries ability to access services.

In the regions with only one PAHP, participants will still have a choice in service providers, including supports coordinators. Participants enrolled with the single PAHP in the service area will be allowed to change supports coordinators upon request. MDHHS will continue to ensure the PAHP has an adequate provider network to assure this choice.

**2. Details.** The State will provide enrollees with the following choices (please replicate for each program in waiver):

*Program: " MI Choice. "*

**Two or more MCOs**

**Two or more primary care providers within one PCCM system.**

**A PCCM or one or more MCOs**

**Two or more PIHPs.**

**Two or more PAHPs.**

**Other:**

**C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (2 of 3)**

**3. Rural Exception.**

The State seeks an exception for rural area residents under section 1932(a)(3)(B) of the Act and 42 CFR 438.52(b), and assures CMS that it will meet the requirements in that regulation, including choice of physicians or case managers, and ability to go out of network in specified circumstances. The State will use the rural exception in the following areas ( "rural area" must be defined as any area other than an "urban area" as defined in 42 CFR 412.62(f)(1)(ii)):

[Empty box for defining rural areas]

**4. 1915(b)(4) Selective Contracting.**

**Beneficiaries will be limited to a single provider in their service area**

Please define service area.

Some regions/service areas only include one PAHP, but participants are given a choice of providers under that one PAHP. The other regions include more than one PAHP with choice of service providers.

#### E. Populations Included in Waiver (1 of 3)

Please note that the eligibility categories of Included Populations and Excluded Populations below may be modified as needed to fit the States specific circumstances.

**1. Included Populations.** The following populations are included in the Waiver Program:

**Section 1931 Children and Related Populations** are children including those eligible under Section 1931, poverty-level related groups and optional groups of older children.

**Mandatory enrollment**

**Voluntary enrollment**

**Section 1931 Adults and Related Populations** are adults including those eligible under Section 1931, poverty-level pregnant women and optional group of caretaker relatives.

**Mandatory enrollment**

**Voluntary enrollment**

**Blind/Disabled Adults and Related Populations** are beneficiaries, age 18 or older, who are eligible for Medicaid due to blindness or disability. Report Blind/Disabled Adults who are age 65 or older in this category, not in Aged.

**Mandatory enrollment**

**Voluntary enrollment**

**Blind/Disabled Children and Related Populations** are beneficiaries, generally under age 18, who are eligible for Medicaid due to blindness or disability.

**Mandatory enrollment**

**Voluntary enrollment**

**Aged and Related Populations** are those Medicaid beneficiaries who are age 65 or older and not members of the Blind/Disabled population or members of the Section 1931 Adult population.

**Mandatory enrollment**

**Voluntary enrollment**

**Foster Care Children** are Medicaid beneficiaries who are receiving foster care or adoption assistance (Title IV-E), are in foster-care, or are otherwise in an out-of-home placement.

**Mandatory enrollment**

**Voluntary enrollment**

**TITLE XXI SCHIP** is an optional group of targeted low-income children who are eligible to participate in Medicaid if the State decides to administer the State Childrens Health Insurance Program (SCHIP) through the Medicaid program.

**Mandatory enrollment**

**Voluntary enrollment**

**Other** (Please define):

Included populations are individuals enrolled in the Section 1915(c) MI Choice waiver, control number MI.0233.R06.00. MI Choice is available to persons 18 years of age or older who meet financial and functional eligibility requirements, and have a need for at least one waiver service in addition to Supports Coordination.

Individuals with special health care needs are partially excluded from the MI Choice Waiver because of different age restrictions. Special Health Care Needs is defined as those individuals enrolled in the Title V Children's Special Health Care Services (CSHCS) program. Individuals in this program are generally eligible until age 21, with the exception of some limited diagnoses that allow eligibility without an age limit. MI Choice services are available only to adults aged 18 or older. CSHCS participants are excluded from the MI Choice Private Duty Nursing service until age 21 because this services is covered through the State Plan through age 20. CSHCS beneficiaries aged 18 or older who otherwise meet eligibility criteria for the MI Choice program may enroll in MI Choice for HCBS. All MI Choice Waiver services provided to individuals also enrolled with CSHCS must be carefully coordinated across programs to meet the individual's needs and avoid duplication of services.

## Section A: Program Description

### Part I: Program Overview

#### E. Populations Included in Waiver (2 of 3)

**2. Excluded Populations.** Within the groups identified above, there may be certain groups of individuals who are excluded from the Waiver Program. For example, the Aged population may be required to enroll into the program, but Dual Eligibles within that population may not be allowed to participate. In addition, Section 1931 Children may be able to enroll voluntarily in a managed care program, but Foster Care Children within that population may be excluded from that program. Please indicate if any of the following populations are excluded from participating in the Waiver Program:

**Medicare Dual Eligible** --Individuals entitled to Medicare and eligible for some category of Medicaid benefits. (Section 1902(a)(10) and Section 1902(a)(10)(E))

**Poverty Level Pregnant Women** -- Medicaid beneficiaries, who are eligible only while pregnant and for a short time after delivery. This population originally became eligible for Medicaid under the SOBRA legislation.

**Other Insurance** --Medicaid beneficiaries who have other health insurance.

**Reside in Nursing Facility or ICF/IID** --Medicaid beneficiaries who reside in Nursing Facilities (NF) or Intermediate Care Facilities for the Individuals with Intellectual Disabilities (ICF/IID).

**Enrolled in Another Managed Care Program** --Medicaid beneficiaries who are enrolled in another Medicaid managed care program

**Eligibility Less Than 3 Months** --Medicaid beneficiaries who would have less than three months of Medicaid eligibility remaining upon enrollment into the program.

**Participate in HCBS Waiver** --Medicaid beneficiaries who participate in a Home and Community Based Waiver (HCBS, also referred to as a 1915(c) waiver).

**American Indian/Alaskan Native** --Medicaid beneficiaries who are American Indians or Alaskan Natives and members of federally recognized tribes.

**Special Needs Children (State Defined)** --Medicaid beneficiaries who are special needs children as defined by the State. Please provide this definition.

Children with special health care needs are those eligible for Michigan’s Children’s Special Health Care Services program. Individuals eligible are persons under the age of 21 with one or more qualifying medical diagnoses. Persons age 21 and older with cystic fibrosis or hereditary coagulation defects commonly known as hemophilia are also included. Medical eligibility must be established by physicians in the MDHHS Office of Medical Affairs and is based on the diagnosis, chronicity and severity of the diagnosis(es). These individuals are excluded from the Private Duty Nursing service under the MI Choice Waiver.

**SCHIP Title XXI Children** Medicaid beneficiaries who receive services through the SCHIP program.

**Retroactive Eligibility** Medicaid beneficiaries for the period of retroactive eligibility.

**Other** (Please define):

Excluded population - "Participate in HCBS Waiver" checked above refers to participants enrolled in other non-MI Choice 1915(c) waivers. Individuals enrolled in the Managed Specialty Services and Supports Program may also be enrolled in this waiver. The spenddown population is excluded from participating in the MI Choice waiver program.

Individuals may remain enrolled in MI Choice if they temporarily reside in nursing facilities when using the out-of-home Respite service.

**F. Services (1 of 5)**

List all services to be offered under the Waiver in Appendices D2.S. and D2.A of Section D, Cost-Effectiveness.

**1. Assurances.**

The State assures CMS that services under the Waiver Program will comply with the following federal requirements:

- Services will be available in the same amount, duration, and scope as they are under the State Plan per 42 CFR 438.210(a)(2).
- Access to emergency services will be assured per section 1932(b)(2) of the Act and 42 CFR 438.114.
- Access to family planning services will be assured per section 1905(a)(4) of the Act and 42 CFR 431.51(b)

The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the regulatory requirements listed above for PIHP or PAHP programs. Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any. (See note below for limitations on requirements that may be waived).

The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for

compliance with the provisions of 42 CFR 438.210(a)(2), 438.114, and 431.51 (Coverage of Services, Emergency Services, and Family Planning) as applicable. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply. The State assures CMS that services will be available in the same amount, duration, and scope as they are under the State Plan.

The state assures CMS that it complies with Title I of the Medicare Modernization Act of 2003, in so far as these requirements are applicable to this waiver.

Note: Section 1915(b) of the Act authorizes the Secretary to waive most requirements of section 1902 of the Act for the purposes listed in sections 1915(b)(1)-(4) of the Act. However, within section 1915(b) there are prohibitions on waiving the following subsections of section 1902 of the Act for any type of waiver program:

- Section 1902(s) -- adjustments in payment for inpatient hospital services furnished to infants under age 1, and to children under age 6 who receive inpatient hospital services at a Disproportionate Share Hospital (DSH) facility.
- Sections 1902(a)(15) and 1902(bb) prospective payment system for FQHC/RHC
- Section 1902(a)(10)(A) as it applies to 1905(a)(2)(C) comparability of FQHC benefits among Medicaid beneficiaries
- Section 1902(a)(4)(C) -- freedom of choice of family planning providers
- Sections 1915(b)(1) and (4) also stipulate that section 1915(b) waivers may not waive freedom of choice of emergency services providers.

## Section A: Program Description

### Part I: Program Overview

#### F. Services (2 of 5)

- 2. Emergency Services.** In accordance with sections 1915(b) and 1932(b) of the Act, and 42 CFR 431.55 and 438.114, enrollees in an MCO, PIHP, PAHP, or PCCM must have access to emergency services without prior authorization, even if the emergency services provider does not have a contract with the entity.

The PAHP, PAHP, or FFS Selective Contracting program does not cover emergency services.

Emergency Services Category General Comments (optional):

- 3. Family Planning Services.** In accordance with sections 1905(a)(4) and 1915(b) of the Act, and 42 CFR 431.51(b), prior authorization of, or requiring the use of network providers for family planning services is prohibited under the waiver program. Out-of-network family planning services are reimbursed in the following manner:

The MCO/PIHP/PAHP will be required to reimburse out-of-network family planning services.

The MCO/PIHP/PAHP will be required to pay for family planning services from network providers, and the State will pay for family planning services from out-of-network providers.

The State will pay for all family planning services, whether provided by network or out-of-network providers.

Other (please explain):

Family planning services are not included under the waiver.

**F. Services (3 of 5)**

**4. FQHC Services.** In accordance with section 2088.6 of the State Medicaid Manual, access to Federally Qualified Health Center (FQHC) services will be assured in the following manner:

The program is **voluntary**, and the enrollee can disenroll at any time if he or she desires access to FQHC services. The MCO/PIHP/PAHP/PCCM is not required to provide FQHC services to the enrollee during the enrollment period.

The program is **mandatory** and the enrollee is guaranteed a choice of at least one MCO/PIHP/PAHP/PCCM which has at least one FQHC as a participating provider. If the enrollee elects not to select a MCO/PIHP/PAHP/PCCM that gives him or her access to FQHC services, no FQHC services will be required to be furnished to the enrollee while the enrollee is enrolled with the MCO/PIHP/PAHP/PCCM he or she selected. Since reasonable access to FQHC services will be available under the waiver program, FQHC services outside the program will not be available. Please explain how the State will guarantee all enrollees will have a choice of at least one MCO/PIHP/PAHP/PCCM with a participating FQHC:

The program is **mandatory** and the enrollee has the right to obtain FQHC services **outside** this waiver program through the regular Medicaid Program.

FQHC Services Category General Comments (optional):

**5. EPSDT Requirements.**

The managed care programs(s) will comply with the relevant requirements of sections 1905(a)(4)(b) (services), 1902(a)(43) (administrative requirements including informing, reporting, etc.), and 1905(r) (definition) of the Act related to Early, Periodic Screening, Diagnosis, and Treatment (EPSDT) program.

EPSDT Requirements Category General Comments (optional):

MI Choice does not cover EPSDT benefits. Any MI Choice participant who is eligible for EPSDT will receive these benefits through the State Plan.

Part II: Access

A. Timely Access Standards (1 of 7)

Each State must ensure that all services covered under the State plan are available and accessible to enrollees of the 1915(b)

Waiver Program. Section 1915(b) of the Act prohibits restrictions on beneficiaries access to emergency services and family planning services.

**1. Assurances for MCO, PIHP, or PAHP programs**

The State assures CMS that it complies with section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services; in so far as these requirements are applicable.

The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

*Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:*

The CMS Regional Office has reviewed and approved the MCO, PIHP, or PAHP contracts for compliance with the provisions of section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

**1. Assurances for MCO, PIHP, or PAHP programs**

The State assures CMS that it complies with section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services; in so far as these requirements are applicable.

The State seeks a waiver of a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the regulatory requirements listed above for PIHP or PAHP programs.

*Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:*

If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

**Section A: Program Description**

**Part II: Access**

**C. Coordination and Continuity of Care Standards (2 of 5)**

**2. Details on MCO/PIHP/PAHP enrollees with special health care needs.**

The following items are required.

- a. The plan is a PIHP/PAHP, and the State has determined that based on the plans scope of services, and how the State has organized the delivery system, that the **PIHP/PAHP need not meet the requirements** for additional services for enrollees with special health care needs in 42 CFR 438.208.

*Please provide justification for this determination:*

Individuals with special health care needs are partially excluded from the MI Choice Waiver. This is defined as those individuals enrolled in the Title V Children’s Special Health Care Services (CSHCS) program. They are excluded from the MI Choice Private Duty Nursing service until age 21. If the individuals require more Community Living Supports than available through the State Plan personal care benefit and behavioral health services, they may receive those services through the MI Choice Waiver.

- b. **Identification.** The State has a mechanism to identify persons with special health care needs to MCOs, PIHPs, and PAHPs, as those persons are defined by the State.

*Please describe:*

MI Choice Waiver agencies have the ability to view other program enrollment within the Community Health Automated Medicaid Processing System (CHAMPS) MMIS system if the individual is enrolled with them and they know the Medicaid ID, or name and date of birth.

- c. **Assessment.** Each MCO/PIHP/PAHP will implement mechanisms, using appropriate health care professionals, to assess each enrollee identified by the State to identify any ongoing special conditions that require a course of treatment or regular care monitoring. Please describe:

*Please describe the enrollment limits and how each is determined:*

The assessment process would remain the same as any MI Choice Waiver participant, though would require careful coordination with the CSHCS program.

- d. **Treatment Plans.** For enrollees with special health care needs who need a course of treatment or regular care monitoring, the State requires the MCO/PIHP/PAHP to produce a treatment plan. If so, the treatment plan meets the following requirements:
1. Developed by enrollees primary care provider with enrollee participation, and in consultation with any specialists care for the enrollee.
  2. Approved by the MCO/PIHP/PAHP in a timely manner (if approval required by plan).
  3. In accord with any applicable State quality assurance and utilization review standards.

*Please describe:*

Treatment plans remain the responsibility of CSHCS and MI Choice includes the person-centered service plans, which may differ from the treatment plans. The two programs/entities must collaborate to assure they are not duplicating services.

- e. **Direct access to specialists.** If treatment plan or regular care monitoring is in place, the MCO/PIHP/PAHP has a mechanism in place to allow enrollees to directly access specialists as appropriate for enrollees condition and identified needs.

*Please describe:*

MI Choice Waiver participants are allowed to see specialists as appropriate for the condition and identified needs indicated in the treatment plan. Medical transportation is available to participants to attend appointments with specialists as necessary. Maintaining the enrollment in CSHCS assures access to specialists and since MI Choice does not cover primary care services, it does not interfere with this access.

This section is required if the State has applied for a 1915(b)(4) waiver that will be applicable to the PCCM program.

Please check any processes or procedures listed below that the State uses in the process of selecting and retaining PCCMs. The State (please check all that apply):

- 1. Has a documented process for selection and retention of PCCMs (please submit a copy of that documentation).
- 2. Has an initial credentialing process for PCCMs that is based on a written application and site visits as appropriate, as well as primary source verification of licensure, disciplinary status, and eligibility for payment under Medicaid.
- 3. Has a recredentialing process for PCCMs that is accomplished within the time frame set by the State and through a process that updates information obtained through the following (check all that apply):
  - A. Initial credentialing
  - B. Performance measures, including those obtained through the following (check all that apply):
    - The utilization management system.
    - The complaint and appeals system.
    - Enrollee surveys.
    - Other.

*Please describe:*

- 4. Uses formal selection and retention criteria that do not discriminate against particular providers such as those who serve high risk populations or specialize in conditions that require costly treatment.
- 5. Has an initial and recredentialing process for PCCMs other than individual practitioners (e.g., rural health clinics, federally qualified health centers) to ensure that they are and remain in compliance with any Federal or State requirements (e.g., licensure).
- 6. Notifies licensing and/or disciplinary bodies or other appropriate authorities when suspensions or terminations of PCCMs take place because of quality deficiencies.

##### 2. Details (Continued)

**b. Description.** Please describe the States procedures regarding direct and indirect marketing by answering the following questions, if applicable.

1. The State prohibits or limits MCOs/PIHPs/PAHPs/PCCMs/selective contracting FFS providers from offering gifts or other incentives to potential enrollees.

*Please explain any limitation or prohibition and how the State monitors this:*

2. The State permits MCOs/PIHPs/PAHPs/PCCMs/selective contracting FFS providers to pay their marketing representatives based on the number of new Medicaid enrollees he/she recruited into the plan.

*Please explain how the State monitors marketing to ensure it is not coercive or fraudulent:*

3. The State requires MCO/PIHP/PAHP/PCCM/selective contracting FFS providers to translate marketing materials.

*Please list languages materials will be translated into. (If the State does not translate or require the translation of marketing materials, please explain):*

The State has chosen these languages because (check any that apply):

- a. The languages comprise all prevalent languages in the service area.

Please describe the methodology for determining prevalent languages:

b. The languages comprise all languages in the service area spoken by approximately  percent or more of the population.

**1. Assurances**

The State assures CMS that it complies with Federal Regulations found at section 1932(a)(5) of the Act and 42 CFR 438.10 Information requirements; in so far as these regulations are applicable.

The State seeks a waiver of a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the regulatory requirements listed above for PIHP or PAHP programs.

*Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:*

The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of section 1932(a)(5) of the Act and 42 CFR 438.10 Information requirements. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

2. Details

a. Non-English Languages

- 1. Potential enrollee and enrollee materials will be translated into the prevalent non-English languages.

*Please list languages materials will be translated into. (If the State does not require written materials to be translated, please explain):*

Generally, Prevalent Language is defined as Specific Non-English Language that is spoken as the primary language by more than 5% of the population of individual applying for or enrolled in the MI Choice Waiver. Enrollee materials are translated into all Prevalent Languages.

If the State does not translate or require the translation of marketing materials, please explain:

The State defines prevalent non-English languages as: (check any that apply):

- a. The languages spoken by significant number of potential enrollees and enrollees.

*Please explain how the State defines significant.:*

- b. The languages spoken by approximately  percent or more of the potential enrollee/enrollee population.

- c. Other

*Please explain:*

- 2. Please describe how oral translation services are available to all potential enrollees and enrollees, regardless of language spoken.

The waiver agencies assure accommodation for people with Limited English Proficiency (LEP) and other linguistic needs, as well as for individuals with hearing impairments and alternative needs for communication. The MDHHS site review process assures compliance with this requirement.

- 3. The State will have a mechanism in place to help enrollees and potential enrollees understand the managed care program.

*Please describe:*

The waiver agencies have a participant handbook created by MDHHS that explains the program, rights and responsibilities, etc. This will go to everyone assessed and is available to anyone asking about the program. The participant handbook is also available on the MDHHS MI Choice Waiver webpage.

**1. Assurances**

The State assures CMS that it complies with section 1932(a)(4) of the Act and 42 CFR 438.56 Disenrollment; in so far as these regulations are applicable.

The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs. (Please check this item if the State has requested a waiver of the choice of plan requirements in section A.I.C.)

*Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:*

The State seeks a waiver of section 1932(a)(3) of the Act, which requires states to offer a choice of more than one PAHP per 42 CFR 438.52. The State will ensure this lack of choice of PAHP is not detrimental to ability of beneficiaries to access services. Beneficiaries will have choice of providers through the PAHP.

The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of section 1932(a)(4) of the Act and 42 CFR 438.56 Disenrollment requirements. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

The State conducts outreach to inform potential enrollees, providers, and other interested parties of the managed care program.

*Please describe the outreach process, and specify any special efforts made to reach and provide information to special populations included in the waiver program:*

Outreach activities may be conducted by the PAHP. The PAHPs' outreach materials are informational in nature. The PAHPs' materials (i.e., flyers, informational brochures, television/radio advertisements, etc.) inform the potential enrollees about the programs and services that are available through the PAHPs, including the MI Choice program. MDHHS reviews and approves each resource before its use.

*Please describe:*

State allows MCO/PIHP/PAHP or PCCM to enroll beneficiaries.

*Please describe the process:*

The waiver agencies enter information related to the Nursing Facility Level of Care Determination (NFLOC) Tool into the State’s NFLOC system. The State’s NFLOC system determines whether the individual meets nursing facility level of care. If nursing facility level of care is met, the waiver agency enters a MI Choice enrollment record into the Community Health Automated Medicaid Processing System (CHAMPS) when the waiver agency determines the individual requires MI Choice Waiver services. MDHHS makes the determination of Medicaid eligibility for individuals who do not have Medicaid prior to MI Choice enrollment. When MDHHS determines the individual is eligible for Medicaid, the enrollment is completed in CHAMPS. MDHHS reviews a statistically significant sample of NFLOCs entered into the system.

**c. Enrollment** . The State has indicated which populations are mandatorily enrolled and which may enroll on a voluntary basis in Section A.I.E.

This is a **new** program.

Please describe the **implementation schedule** (e.g. implemented statewide all at once; phased in by area; phased in by population, etc.):

This is an **existing program** that will be expanded during the renewal period.

*Please describe:* Please describe the **implementation schedule** (e.g. new population implemented statewide all at once; phased in by area; phased in by population, etc.):

If a potential enrollee **does not select** an MCO/PIHP/PAHP or PCCM within the given time frame, the potential enrollee will be **auto-assigned** or default assigned to a plan.

- i. Potential enrollees will have  **day(s) / month(s)** to choose a plan.
- ii. There is an auto-assignment process or algorithm.

*In the description please indicate the factors considered and whether or not the auto-assignment process assigns persons with special health care needs to an MCO/PIHP/PAHP/PCCM who is their current provider or who is capable of serving their particular needs:*

The State automatically enrolls beneficiaries.

on a mandatory basis into a single MCO, PIHP, or PAHP in a rural area (please also check item A.I.C.3).

on a mandatory basis into a single PIHP or PAHP for which it has requested a waiver of the requirement of choice of plans (please also check item A.I.C.1).

on a voluntary basis into a single MCO, PIHP, or PAHP. The State must first offer the beneficiary a choice. If the beneficiary does not choose, the State may enroll the beneficiary as long as the beneficiary can opt out at any time without cause.

*Please specify geographic areas where this occurs:*

The State provides **guaranteed eligibility** of  months (maximum of 6 months permitted) for MCO/PCCM enrollees under the State plan.

The State allows otherwise mandated beneficiaries to request **exemption** from enrollment in an MCO/PIHP/PAHP/PCCM.

*Please describe the circumstances under which a beneficiary would be eligible for exemption from enrollment. In addition, please describe the exemption process:*

The State **automatically re-enrolls** a beneficiary with the same PCCM or MCO/PIHP/PAHP if there is a loss of Medicaid eligibility of 2 months or less.

## Section A: Program Description

### Part IV: Program Operations

#### C. Enrollment and Disenrollment (5 of 6)

##### 2. Details (Continued)

##### d. Disenrollment

The State allows enrollees to **disenroll** from/transfer between MCOs/PIHPs/PAHPs and PCCMs. Regardless of whether plan or State makes the determination, determination must be made no later than the first day of the second month following the month in which the enrollee or plan files the request. If determination is not

made within this time frame, the request is deemed approved.

- i. Enrollee submits request to State.
- ii. Enrollee submits request to MCO/PIHP/PAHP/PCCM. The entity may approve the request, or refer it to the State. The entity may not disapprove the request.
- iii. Enrollee must seek redress through MCO/PIHP/PAHP/PCCM grievance procedure before determination will be made on disenrollment request.

The State **does not permit disenrollment** from a single PIHP/PAHP (authority under 1902 (a)(4) authority must be requested), or from an MCO, PIHP, or PAHP in a rural area.

The State has a **lock-in** period (i.e. requires continuous enrollment with MCO/PIHP/PAHP/PCCM) of  months (up to 12 months permitted). If so, the State assures it meets the requirements of 42 CFR 438.56(c).

*Please describe the good cause reasons for which an enrollee may request disenrollment during the lock-in period (in addition to required good cause reasons of poor quality of care, lack of access to covered services, and lack of access to providers experienced in dealing with enrollees health care needs):*

The State does not have a **lock-in**, and enrollees in MCOs/PIHPs/PAHPs and PCCMs are allowed to terminate or change their enrollment without cause at any time. The disenrollment/transfer is effective no later than the first day of the second month following the request.

The State permits **MCOs/PIHPs/PAHPs and PCCMs to request disenrollment** of enrollees.

- i. MCO/PIHP/PAHP and PCCM can request reassignment of an enrollee.

*Please describe the reasons for which enrollees can request reassignment*

The waiver agency may request a transfer based on participant preference or request.

- ii. The State reviews and approves all MCO/PIHP/PAHP/PCCM-initiated requests for enrollee transfers or disenrollments.
- iii. If the reassignment is approved, the State notifies the enrollee in a direct and timely manner of the desire of the MCO/PIHP/PAHP/PCCM to remove the enrollee from its membership or from the PCCMs caseload.
- iv. The enrollee remains an enrollee of the MCO/PIHP/PAHP/PCCM until another MCO/PIHP/PAHP/PCCM is chosen or assigned.

## Steps in Determining Nursing Facility Level of Care (NFLOC)

1. An applicant calls one of his/her local waiver agencies asking about MI Choice.
2. Waiver agency uses the MI Choice Intake Guidelines (MIG) tool to determine the appropriateness of meeting for the MI Choice assessment.
3. For applicants who appear eligible for MI Choice from the MIG and request enrollment in MI Choice, a waiver agency schedules a meeting with the applicant within 7 days of completion of the MIG or place the applicant on its waiting list.
4. Persons placed on the waiting list are provided adequate notice and information regarding the Medicaid Fair Hearings process.
5. A supports coordinator employed by the waiver agency visits the applicant and conducts the NFLOC determination. This process occurs at the meeting scheduled in step 3 or when the applicant reaches the top of the waiting list. The information from the NFLOC tool is entered into the State's NFLOC system, which then determines if the individual meets nursing facility level of care. The supports coordinator is notified that the individual does or does not meet NFLOC. After the LOCD has been entered into CHAMPS, a statistically significant random sample of LOCD records is pulled for MDHHS review of whether the assessment was conducted correctly. Denials of level of care are also reviewed by MDHHS.
6. Applicants who meet NFLOC criteria follow this process:
  - a. Supports coordinator provides information regarding options for receiving long term care.
  - b. Supports coordinator provides a Freedom of Choice form that indicates the applicant meets NFLOC criteria and asks the applicant to specify their preferred option for receiving long term care. The Freedom of Choice form is explained to the applicant and signed by the supports coordinator and the applicant or applicant's representative.
  - c. If the applicant chooses MI Choice, the supports coordinator may begin the MI Choice enrollment process.
  - d. If the applicant does not choose MI Choice, the supports coordinator provides contact information for their preferred option, and may assist the applicants with the process of contacting the provider.
7. Applicants who do not meet nursing facility level of care criteria follow this process:
  - a. Supports coordinator provides the applicant with adequate notice that includes information on how to request a Medicaid Fair Hearing, and how to request an immediate review.
  - b. Supports coordinator provides the applicant with information regarding options for receiving services in the community.
  - c. Supports coordinator provides a Freedom of Choice form that indicates the applicant does not meet NFLOC criteria. The Freedom of Choice form is explained to the applicant and signed by the supports coordinator and the applicant or applicant's representative.
  - d. Supports coordinator may provide contact information for other programs for which the applicant may qualify and may assist the applicant with contacting these programs.

## Steps to Enrolling in MI Choice

1. Once the NFLOC determination is made, confirms the applicant meets NFLOC criteria, and the Freedom of Choice form is completed, the supports coordinator may begin the assessment process.
  - a. MDHHS requires MI Choice initial assessments to be completed by a team of supports coordinators.
  - b. Prior to scheduling the assessment, the waiver agency will notify the applicant of the option to have a supports broker and other individuals of their choice present during the assessment.
  - c. The assessment may occur immediately after the NFLOC determination or be scheduled for a later date, according to participant preference.
2. During the assessment, the supports coordinators ascertain whether the applicant has been approved for Medicaid, or whether the applicant needs to apply for Medicaid.
  - a. Applicants with approved Medicaid move to the next step.
  - b. All other applicants will be asked information to assess potential eligibility for Medicaid. When applicable, and authorized by the applicant, the supports coordinators may assist the applicant with completing a Medicaid application, gathering verification documents, and submitting the application to MDHHS. This process is not usually completed in a single visit.
3. From data gathered during the assessment process, the supports coordinators may begin developing a person-centered service plan with the applicant. This process will assist with identifying the need for at least one MI Choice service in addition to supports coordination. This process may occur at a subsequent meeting and does not have to occur on the same day as the assessment.
4. Applicant will approve or disapprove services included on the person-centered service plan. The supports coordinator will assist the applicant with identifying MI Choice services and service providers, frequency, duration, other interventions, goals, and desired outcomes to include on the person-centered service plan.
5. Waiver agency will notify the Michigan Department Health and Human Services (MDHHS) of the applicant's desire to enroll in MI Choice and provide the desired MI Choice start date, and when applicable, provide the completed Medicaid application.
6. MDHHS eligibility specialists determine Medicaid financial and medical eligibility.
7. When the Medicaid eligibility determination has been made by MDHHS, the waiver agency submits the enrollment record into the CHAMPS system.
8. If the applicant is determined to not be eligible for Medicaid, MDHHS provides Adverse Action notices to applicants

according to established policy along with a Request for an Administrative Hearing form.  
 9. Waiver agency may begin services once the person-centered service plan is developed, but MDHHS will not generate a capitation payment until the PAHP processes the MI Choice waiver online enrollment in CHAMPS.

**D. Enrollee Rights (1 of 2)**

**1. Assurances**

The State assures CMS that it complies with section 1932(a)(5)(B)(ii) of the Act and 42 CFR 438 Subpart C Enrollee Rights and Protections.

The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

*Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:*

The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of section 1932(a)(5)(B)(ii) of the Act and 42 CFR Subpart C Enrollee Rights and Protections. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply.

- a. informing Medicaid enrollees about their fair hearing rights in a manner that assures notice at the time of an action,
- b. ensuring that enrollees may request continuation of benefits during a course of treatment during an appeal or reinstatement of services if State takes action without the advance notice and as required in accordance with

State Policy consistent with fair hearings. The State must also inform enrollees of the procedures by which benefits can be continued for reinstated, and

c. other requirements for fair hearings found in 42 CFR 431, Subpart E.

The State assures CMS that it complies with section 1932(a)(4) of the Act and 42 CFR 438.56 Disenrollment; in so far as these regulations are applicable.

**E. Grievance System (4 of 5)**

**4. Optional grievance systems for PCCM and PAHP programs.** States, at their option, may operate a PCCM and/or PAHP grievance procedure (distinct from the fair hearing process) administered by the State agency or the PCCM and/or PAHP that provides for prompt resolution of issues. These grievance procedures are strictly voluntary and may not interfere with a PCCM, or PAHP enrollees freedom to make a request for a fair hearing or a PCCM or PAHP enrollees direct access to a fair hearing in instances involving terminations, reductions, and suspensions of already authorized Medicaid covered services.

The State has a grievance procedure for its PCCM and/or PAHP program characterized by the following (please check any of the following optional procedures that apply to the optional PCCM/PAHP grievance procedure):  
The grievance procedures are operated by:

- the State
- the States contractor.

Please identify:

**1. Assurances**

The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.610 Prohibited Affiliations with Individuals Barred by Federal Agencies. The State assures that it prohibits an MCO, PCCM, PIHP, or PAHP from knowingly having a relationship listed below with:

1. An individual who is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, or
2. An individual who is an affiliate, as defined in the Federal Acquisition Regulation, of a person described above.

The prohibited relationships are:

1. A director, officer, or partner of the MCO, PCCM, PIHP, or PAHP;
2. A person with beneficial ownership of five percent or more of the MCOs, PCCMs, PIHPs, or PAHPs equity;
3. A person with an employment, consulting or other arrangement with the MCO, PCCM, PIHP, or PAHP for the provision of items and services that are significant and material to the MCOs, PCCMs, PIHPs, or PAHPs obligations under its contract with the State.

The State assures that it complies with section 1902(p)(2) and 42 CFR 431.55, which require section 1915(b) waiver programs to exclude entities that:

1. Could be excluded under section 1128(b)(8) of the Act as being controlled by a sanctioned individual;

- 2. Has a substantial contractual relationship (direct or indirect) with an individual convicted of certain crimes described in section 1128(b)(8)(B) of the Act;
- 3. Employs or contracts directly or indirectly with an individual or entity that is
  - a. precluded from furnishing health care, utilization review, medical social services, or administrative services pursuant to section 1128 or 1128A of the Act, or

**Section B: Monitoring Plan**

**Part II: Details of Monitoring Activities**

**Program Instance: MI Choice**

Please check each of the monitoring activities below used by the State. A number of common activities are listed below, but the State may identify any others it uses. If federal regulations require a given activity, this is indicated just after the name of the activity. If the State does not use a required activity, it must explain why.

For each activity, the state must provide the following information:

- Personnel responsible (e.g. state Medicaid, other state agency, delegated to plan, EQR, other contractor)
- Detailed description of activity

- Frequency of use
- How it yields information about the area(s) being monitored

a.

**Accreditation for Non-duplication** (i.e. if the contractor is accredited by an organization to meet certain access, structure/operation, and/or quality improvement standards, and the state determines that the organizations standards are at least as stringent as the state-specific standards required in 42 CFR 438 Subpart D, the state deems the contractor to be in compliance with the state-specific standards)

**Consumer Self-Report data**

**Activity Details:**

- 1) MDHHS has implemented a statewide participant survey tool used to gather feedback on satisfaction of the quality of care and quality of life from the participants' perspectives. Each participant is given the survey by a third party vendor. The vendor compiles the reports and identifies areas that need improvement. Data is also shared with MDHHS who then reviews the data looking for trends or issues that may be addressed by MDHHS through a statewide quality improvement project.
- 2) MDHHS contracts with an EQRO with qualified reviewers who annually conduct a Clinical Quality Assurance Review (CQAR) to determine the waiver agency's adherence to the MI Choice clinical requirements. These reviews include discussions with the participant or legal representative. Participants self-report information about their quality of care. MDHHS uses this data to assess the effectiveness of the care received from the waiver agency and also uses it to determine areas in need of improvement.
- 3) A leadership group composed of consumers, advocates and waiver agency staff organized into the MI Choice Person Focused Quality Management Collaboration (QMC). A MI Choice participant currently serves as the QMC chairperson and leads each meeting. The purpose of the QMC is to include consumers and advocates in the development and review of MI Choice quality management activities. The QMC provides a venue where consumers and advocates can review a variety of quality outcomes, identify areas that need improvement, develop strategies for remediation of service delivery, and recommend improvements to the Michigan Medicaid service delivery system. The QMC allows the provision of meaningful input by consumers and advocates during the implementation of person-centered planning and self-determination care options that increase participant satisfaction with services and supports.

**Data Analysis (non-claims)**

**Activity Details:**

The state assures quality in the services that are covered by the MI Choice program as identified in the §1915(c) waiver. Appendix C details the services, provider qualifications, credentialing standards, and provider training. The other appendices include details on the quality improvement strategy for the MI Choice program. MDHHS originally selected the MI Choice waiver agencies through a Request for Proposal process. All other service providers are designated through a contract between the waiver agencies and the direct service providers.

To ensure that providers continue to meet requirements, MDHHS uses the MI Choice Site Review Protocol (MICSRP) to assess the performance of waiver agencies and assure that services covered by the MI Choice program are performed in accordance with waiver requirements included in their contracts. MDHHS developed the MICSRP with input from waiver agencies, participants, advocates, the Area Agency on Aging Association, and other stakeholders. MDHHS updates the MICSRP annually or as needed to incorporate general improvements, policy changes, CMS initiatives, and MDHHS priorities.

The MICSRP has two parts, the Administrative Quality Assurance Review (AQAR) and the Clinical Quality Assurance Review (CQAR) that also includes a participant home visit protocol. MDHHS staff developed a scoring system and algorithms to weight each standard in the MICSRP. This system allows MDHHS staff to calculate compliance equitably for each waiver agency, based on data obtained from the AQAR and CQAR, regardless of sample size.

The AQAR focuses on ensuring that each waiver agency has policies and procedures consistent with waiver requirements. During the AQAR, MDHHS staff examines waiver agency policies and procedures, contract templates, financial systems, claims accuracy, and Quality Assurance and Performance Improvement plans in detail seeking evidence of compliance to the AQAR standards. MDHHS staff completes the AQAR for each waiver agency, with a frequency dependent on compliance score as follows:

86% or better - every five years; 80-85% - every four years; 70-79% - every three years; less than 70% - every 2 years

MDHHS has qualified reviewers who complete the CQAR. The reviewers evaluate the waiver agency's enrollment, assessment, level of care evaluations, care planning, and reassessment activities annually seeking evidence of compliance to the CQAR standards. The reviewers collect and review both qualitative and objective data, and evaluate the assessment and supports coordinators' actions to assure that the plan of service includes every participant need identified in the assessment. The reviewers determine the waiver agency's level of compliance to the standards included in the MICSRP. The reviewers send an initial report of all non-evident findings and a listing of any findings that require immediate remediation. Any findings related to the health and welfare of an enrolled participant would require immediate remediation. The immediate remediation is due within two weeks. Waiver agencies also are given the opportunity to provide additional documentation for any non-evident findings due within two weeks. The reviewers examine submitted documentation to assure the waiver agency addressed all items that required immediate remediation. Some scores may be revised if documentation was overlooked or missing during the initial review.

Both the AQAR and CQAR review elements that make up the performance measures in each appendix of the §1915(c) waiver.

Once AQAR or CQAR data is complete, MDHHS compiles reports to send to the waiver agency. Each report includes a summary of successes and deficiencies in practice. MDHHS divides the deficiencies into citations and recommendations based upon algorithms for each standard. The waiver agency has 30 days to respond to the citations with a corrective action plan. The corrective action plan may also include actions to address recommendations, but MDHHS does not mandate this. MDHHS works with the waiver agency to assure the corrective action plan will produce quality improvements. Once the waiver agency and MDHHS agree on the final corrective action plan, MDHHS sends approval and written

documentation detailing the plan to the waiver agency. MDHHS applies algorithms to final AQAR and CQAR data to determine an overall quality score for each waiver agency and statewide.

More detail on the MI Choice Quality Improvement System is identified in the §1915(c) waiver.

MDHHS also reviews aggregate reports on various aspects of the MI Choice program including results of CQARs and AQARs, assessment data including Quality Indicators (QI) that measure 20 Participant Health Status Outcomes, enrollment and disenrollment data, and critical incident reports. Data reports are used to discover areas needing follow-up, research or improvement.

MDHHS developed the Critical Incident Reporting system with assistance from the QMC and other stakeholders. MDHHS requires each waiver agency to report all critical incidents in the web-based Critical Incident Reporting System. MDHHS defines procedures for reporting critical incidents in the MI Choice policy chapter in the Medicaid Provider Manual. Waiver agencies manage critical incidents at the local level by identifying and evaluating each incident. Supports coordinators then initiate strategies and interventions approved by participants to prevent further incidents and follow-up, track and compile mandatory critical incident reports.

Activity Details:

Each waiver agency uses an open bid process to contract with qualified providers in their service area that are willing to furnish MI Choice services. MDHHS requires each waiver agency to have a provider network with capacity to serve at least 125% of their monthly slot utilization for each MI Choice service, and at least two providers for each MI Choice service. When waiver agencies cannot assure this choice within 30 miles or 30 minutes travel time for each enrollee, they may request a rural area exception from MDHHS. This assures network capacity as well as choice of providers. MDHHS reviews the provider network lists to ensure waiver agencies are meeting requirements for network adequacy.

**m. Performance Improvement Projects** [Required for MCO/PIHP]

Activity Details:

MDHHS establishes a Quality Assurance and Performance Improvement (QAPI) biennially, which includes statewide goals and strategies identified in part by the consumer-run Quality Management Collaborative. The QAPI focuses on meeting CMS assurances and requirements for protecting the health and welfare of waiver participants, MDHHS contract requirements, and targeted participant outcome improvement goals, and overall program quality. MDHHS requires each waiver agency to have its own QAPI and reviews them biennially. MDHHS guides, prompts, and assists each waiver agency in preparing and updating its QAPI based on individual agency and provider network results from compliance reviews, participant outcomes, consumer survey results, complaint history, and other performance-based outcomes. Each waiver agency includes the MDHHS required goals in its QAPI and adds its own unique quality improvement goals, or self-targeted quality improvement strategies, including service provider performance requirements and administrative improvements. Performance Improvement Projects include both clinical and nonclinical aspects of the program. An Outcomes and Activities report is compiled and submitted to MDHHS on an annual basis summarizing the annual outcomes, activities, and progress of the QAPI each year.

MDHHS has a well established quality improvement strategy (QIS) in place for the MI Choice program as detailed in the 1915(c) waiver application. MDHHS designed the strategy to assess and improve the quality of services and supports managed by the 20 waiver agencies that administer MI Choice.

PAHPS do not conduct marketing or use PCPs and specialists.

The state assures quality in the services that are covered by the MI Choice program as identified in the §1915(c) waiver. Appendix C details the services, provider qualifications, credentialing standards, and provider training. The other appendices include details on the quality improvement strategy for the MI Choice program. MDHHS originally selected the MI Choice waiver agencies through a Request for Proposal process. All other service providers are designated through a contract between the waiver agencies and the direct service providers.

To ensure that providers continue to meet requirements, MDHHS uses the MI Choice Site Review Protocol (MICSRP) to assess the performance of waiver agencies and assure that services covered by the MI Choice program are performed in accordance with waiver requirements included in their contracts. MDHHS developed the MICSRP with input from waiver agencies, participants, advocates, the Area Agency on Aging Association, and other stakeholders. MDHHS updates the MICSRP annually or as needed to incorporate general improvements, policy changes, CMS initiatives, and MDHHS priorities.

The MICSRP has two parts, the Administrative Quality Assurance Review (AQAR) and the Clinical Quality Assurance Review (CQAR) that also includes a participant home visit protocol. MDHHS staff developed a scoring system and algorithms to weight each standard in the MICSRP. This system allows MDHHS staff to calculate compliance equitably for each waiver agency, based on data obtained from the AQAR and CQAR, regardless of sample size.

The AQAR focuses on ensuring that each waiver agency has policies and procedures consistent with waiver requirements. During the AQAR, MDHHS staff examines waiver agency policies and procedures, contract templates, financial systems, claims accuracy, and Quality Assurance and Performance Improvement plans in detail seeking evidence of compliance to the AQAR standards. MDHHS staff completes the AQAR for each waiver agency, with a review frequency dependent on compliance score as follows:  
86% or better - every five years; 80-85% - every four years; 70-79% - every three years; less than 70% - every 2 years

MDHHS has qualified reviewers who complete the CQAR. The reviewers evaluate the waiver agency's enrollment, assessment, level of care evaluations, care planning, and reassessment activities annually seeking evidence of compliance to the CQAR standards. The reviewers collect and review both qualitative and objective data, and evaluate the assessment and supports coordinators' actions to assure that the plan of service includes every participant need identified in the assessment. The reviewers determine the waiver agency's level of compliance to the standards included in the MICSRP. The reviewers send an initial report of all non-evident findings and a listing of any findings that require immediate remediation. Any findings related to the health and welfare of an enrolled participant would require immediate remediation. The immediate remediation is due within two weeks. Waiver agencies also are given the opportunity to provide additional documentation for any non-evident findings due within two weeks. The reviewers examine submitted documentation to assure the waiver agency addressed all items that required immediate remediation. Some scores may be revised if documentation was overlooked or missing during the initial review.

Both the AQAR and CQAR review elements that make up the performance measures in each appendix of the §1915(c) waiver. The AQAR and CQAR include reviews of the following:

1. Participant access and level of care determination
2. Participant-centered service planning

3. Service delivery
4. Provider capacity and capabilities
5. Participant safeguards related to health and welfare
6. Participant rights and responsibilities
7. Participant outcomes and satisfaction
8. System performance

Once AQAR or CQAR data is complete, MDHHS compiles reports to send to the waiver agency. Each report includes a summary of successes and deficiencies in practice. MDHHS divides the deficiencies into citations and recommendations based upon algorithms for each standard. The waiver agency has 30 days to respond to the citations with a corrective action plan. The corrective action plan may also include actions to address recommendations, but MDHHS does not mandate this. MDHHS works with the waiver agency to assure the corrective action plan will produce quality improvements. Once the waiver agency and MDHHS agree on the final corrective action plan, MDHHS sends approval and written documentation detailing the plan to the waiver agency. MDHHS applies algorithms to final AQAR and CQAR data to determine an overall quality score for each waiver agency and statewide.

More detail on the MI Choice Quality Improvement System is identified in the §1915(c) waiver.

MDHHS also reviews aggregate reports on various aspects of the MI Choice program including results of CQARs and AQARs, assessment data including Quality Indicators (QI) that measure 20 Participant Health Status Outcomes, enrollment and disenrollment data, and critical incident reports. Data reports are used to discover areas needing follow-up, research or improvement.

## Section C: Monitoring Results

### Renewal Waiver Request

---

Section 1915(b) of the Act and 42 CFR 431.55 require that the State must document and maintain data regarding the effect of the waiver on the accessibility and quality of services as well as the anticipated impact of the project on the States Medicaid program. In Section B of this waiver preprint, the State describes how it will assure these requirements are met. For an initial waiver request, the State provides assurance in this Section C that it will report on the results of its monitoring plan when it submits its waiver renewal request. For a renewal request, the State provides evidence that waiver requirements were met for the most recent waiver period. Please use Section D to provide evidence of cost-effectiveness.

CMS uses a multi-pronged effort to monitor waiver programs, including rate and contract review, site visits, reviews of External Quality Review reports on MCOs/PIHPs, and reviews of Independent Assessments. CMS will use the results of these activities and reports along with this Section to evaluate whether the Program Impact, Access, and Quality requirements of the waiver were met.

#### **This is a renewal request.**

**This is the first time the State is using this waiver format to renew an existing waiver.** The State provides below the results of the monitoring activities conducted during the previous waiver period.

**The State has used this format previously** The State provides below the results of the monitoring activities conducted during the previous waiver period.

For each of the monitoring activities checked in Section B of the previous waiver request, the State should:

- **Confirm** it was conducted as described in Section B of the previous waiver preprint. If it was not done as described, please explain why.
- **Summarize the results** or findings of each activity. CMS may request detailed results as appropriate.

- **Identify problems** found, if any.
- **Describe plan/provider-level corrective action**, if any, that was taken. The State need not identify the provider/plan by name, but must provide the rest of the required information.
- **Describe system-level program changes**, if any, made as a result of monitoring findings.

**The Monitoring Activities were conducted as described:**

Yes No

If No, please explain:

**Provide the results of the monitoring activities:**

### 1. Consumer Self-Report Data

MDHHS has conducted participant surveys to gather feedback on their satisfaction with the quality of care and quality of life. Waiver agencies have reviewed the surveys to identify any problem areas that are in need of improvement. MDHHS also reviewed survey data and worked with the waiver agencies to make improvements as needed. Participant surveys have been conducted annually. Results are shared with waiver agencies. Results for the most recent aggregated data for the participant surveys for each waiver agency are posted on the MI Choice website.

The Clinical Quality Assurance Review (CQAR) team has made annual visits to participants' homes. During these home visits, participants were offered an opportunity to report information about their quality of care and experience with the program. This is reported to MDHHS, and MDHHS includes this information in the CMS-372 report within other performance measure information. Results of the CQAR reviews are also posted on the MI Choice website.

Quality Management Collaborative meetings were held on a quarterly basis and there were also QMC Steering Committee conference calls at least once per month, and QMC participant-only meetings are every two months. These meetings included program participants, advocates and waiver agency representatives. This is a venue for MDHHS to notify stakeholders of ideas, potential program changes, and also for participants and advocates to provide feedback on program effectiveness or areas that need improvement. Conference calls have been held more often than monthly as needed.

### 2. Data Analysis

Clinical Quality Assurance Reviews (CQAR) have been performed by MDHHS and the CQAR team to obtain data related to the performance measures indicated in the 1915(c) waiver for MI Choice. CQAR functions are conducted on an annual basis. Information was compiled and analyzed using algorithms and other scoring criteria for the various topic areas such as enrollment, assessment, level of care evaluations, person-centered service plans, critical incidents, etc. Results and deficiencies were then sent to the waiver agencies to determine corrective action that needed to be taken. These reviews have occurred throughout the five years of the approved Waiver. There have been no known major system-wide problems. Results from CQAR reviews have been included in the CMS-372 report in the performance measure reporting. Results of the CQAR reviews are also posted on the MI Choice website. The full Administrative Quality Assurance Reviews (AQAR) have not been done on schedule due to low staffing resources and the COVID-19 pandemic, but MDHHS is conducting a full AQAR currently.

MDHHS has also reviewed all appeal and decision summaries from the State Fair Hearings process related to the program and required corrective action from waiver agencies as needed.

### 3. Independent Assessment

The EQRO and CQAR team has conducted independent assessment of the MI Choice program. MDHHS has contracted with an External Quality Review Organization (EQRO) to complete reviews of the program. The EQRO is responsible for evaluating information for the various performance measures as listed under the 1915c waiver. These evaluations have been included in the annual CMS-372 reports as well as the IPG report. Results of the reviews are also posted on the MI Choice website.

### 4. Network Adequacy Assurance by Plan

MDHHS has reviewed each waiver agency's provider network based on program requirements several times within the past five years. The agencies have submitted information to MDHHS for review and approval. MDHHS has notified the agencies when there are deficiencies in the provider network. There have been no known major system-wide problems. Some waiver agencies have requested rural exceptions from MDHHS for certain services, and these exceptions have been granted. MDHHS has this information saved in electronic files and can be retrieved as needed. A rural exception has been granted to Milestone Senior Services.

### 5. Performance Improvement Projects

MDHHS has developed Quality Management Plans (QMP), which include goals and strategies (indicators) to assure quality program operations and service delivery. Waiver agencies have utilized the QMP as a basis for their quality management/improvement plans. QMPs are done every two years. Alternating years include MDHHS receiving updates from waiver agencies as to progress that has been made. The waiver agencies submitted their plans to MDHHS for review and approval. The QMP indicators are shared with the Quality Management Collaborative which includes MI Choice participants. Some waiver agencies are also NCQA accredited and have performance projects related to their NCQA accreditation. The information can be provided to CMS as needed, but each waiver agency has their own projects and plans. Recently, these QMPs

have been converted to Quality Assurance and Performance Improvement (QAPI) plans.

**A. Assurances**

**a. [Required] Through the submission of this waiver, the State assures CMS:**

- The fiscal staff in the Medicaid agency has reviewed these calculations for accuracy and attests to their correctness.
- The State assures CMS that the actual waiver costs will be less than or equal to or the States waiver cost projection.
- Capitated rates will be set following the requirements of 42 CFR 438.6(c) and will be submitted to the CMS Regional Office for approval.
- Capitated 1915(b)(3) services will be set in an actuarially sound manner based only on approved 1915(b)(3) services and their administration subject to CMS RO prior approval.
- The State will monitor, on a regular basis, the cost-effectiveness of the waiver (for example, the State may compare the PMPM Actual Waiver Cost from the CMS 64 to the approved Waiver Cost Projections). If changes are needed, the State will submit a prospective amendment modifying the Waiver Cost Projections.
- The State will submit quarterly actual member month enrollment statistics by MEG in conjunction with the States submitted CMS-64 forms.

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**B. Expedited or Comprehensive Test**

To provide information on the waiver program to determine whether the waiver will be subject to the Expedited or Comprehensive cost effectiveness test. *Note: All waivers, even those eligible for the Expedited test, are subject to further review at the discretion of CMS and OMB.*

- b. The State provides additional services under 1915(b)(3) authority.
- c. The State makes enhanced payments to contractors or providers.
- d. The State uses a sole-source procurement process to procure State Plan services under this waiver.
- e. The State uses a sole-source procurement process to procure State Plan services under this waiver. *Note: do not mark this box if this is a waiver for transportation services and dental pre-paid ambulatory health plans (PAHPs) that has overlapping populations with another waiver meeting one of these three criteria. For transportation and dental waivers alone, States do not need to consider an overlapping population with another waiver containing additional services, enhanced payments, or sole source procurement as a trigger for the comprehensive waiver test. However, if the transportation services or dental PAHP waiver meets the criteria in a, b, or c for additional services, enhanced payments, or sole source procurement then the State should mark the appropriate box and process the waiver using the Comprehensive Test.*

If you marked any of the above, you must complete the entire preprint and your renewal waiver is subject to the Comprehensive Test. If you did not mark any of the above, your renewal waiver (not conversion or initial waiver) is subject to the Expedited Test:

- Do not complete **Appendix D3**
- Your waiver will not be reviewed by OMB *at the discretion of CMS and OMB.*

The following questions are to be completed in conjunction with the Worksheet Appendices. All narrative explanations should be included in the preprint. Where further clarification was needed, we have included additional information in the preprint.

**D. PCCM portion of the waiver only: Reimbursement of PCCM Providers**

**Under this waiver, providers are reimbursed on a fee-for-service basis. PCCMs are reimbursed for patient management in the following manner (please check and describe):**

- a. **Management fees are expected to be paid under this waiver.**  
The management fees were calculated as follows.

1. Year 1: \$  per member per month fee.
2. Year 2: \$  per member per month fee.
3. Year 3: \$  per member per month fee.
4. Year 4: \$  per member per month fee.

**b. Enhanced fee for primary care services.**

Please explain which services will be affected by enhanced fees and how the amount of the enhancement was determined.

- c. Bonus payments from savings generated under the program are paid to case managers who control beneficiary utilization.** Under **D.I.H.d.**, please describe the criteria the State will use for awarding the incentive payments, the method for calculating incentives/bonuses, and the monitoring the State will have in place to ensure that total payments to the providers do not exceed the Waiver Cost Projections (Appendix D5). Bonus payments and incentives for reducing utilization are limited to savings of State Plan service costs under the waiver. Please also describe how the State will ensure that utilization is not adversely affected due to incentives inherent in the bonus payments. The costs associated with any bonus arrangements must be accounted for in Appendix D3. Actual Waiver Cost.

**d. Other reimbursement method/amount.**

\$

Please explain the State's rationale for determining this method or amount.

**E. Member Months**

Please mark all that apply.

- a. [Required] Population in the base year and R1 and R2 data is the population under the waiver.
- b. For a renewal waiver, because of the timing of the waiver renewal submittal, the State did not have a complete R2 to submit. Please ensure that the formulas correctly calculated the annualized trend rates. *Note: it is no longer acceptable to estimate enrollment or cost data for R2 of the previous waiver period.*
- c. [Required] Explain the reason for any increase or decrease in member months projections from the base year or over time:

Retrospective year 1 (R1) represents state fiscal year (SFY) 2022 covering the time period from October 1, 2021 to March 31, 2023, with retrospective year (R2) representing a 3-month time period from October 1, 2022 to March 31, 2023. As the waiver is being renewed prior to the end of the currently approved waiver period, R2 reflects six months of actual experience. Historical member months summarized from the monthly data process have been reported for R1 and R2. The member months were developed based upon the number of capitation payments made for MI Choice participants during the retrospective time periods. We have included an adjustment to future enrollment based on a 1 percent annualized trend for future periods.

- d.** [Required] Explain any other variance in eligible member months from BY/R1 to P2:

None.

- e.** [Required] Specify whether the BY/R1/R2 is a State fiscal year (SFY), Federal fiscal year (FFY), or other period:

State fiscal year (SFY), which is the same as the Federal fiscal year (FFY).

**Appendix D1 Member Months**

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**F. Appendix D2.S - Services in Actual Waiver Cost**

**For Conversion or Renewal Waivers:**

- a. **[Required] Explain if different services are included in the Actual Waiver Cost from the previous period in Appendix D3 than for the upcoming waiver period in Appendix D5.**

Explain the differences here and how the adjustments were made on Appendix D5:

The current 1915(b) waiver application was used to detail the list of covered services under the MI Choice Waiver program. An addition was made for the two new services (Assistive Technology and Residential Services) that are being added in this waiver renewal. All services are identified as 1915(c) waiver services being paid through a capitated reimbursement methodology.

IN REPSONSE TO RAI: Supports Brokerage and Vehicle Modifications services have been added to the service array.

- b. **[Required] Explain the exclusion of any services from the cost-effectiveness analysis.**

For States with multiple waivers serving a single beneficiary, please document how all costs for waiver covered individuals taken into account.

There have been no services excluded from the cost-effectiveness analysis.

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**G. Appendix D2.A - Administration in Actual Waiver Cost**

**[Required]** The State allocated administrative costs between the Fee-for-service and managed care program depending upon the program structure. *Note: initial programs will enter only FFS costs in the BY. Renewal and Conversion waivers will enter all waiver and FFS administrative costs in the R1 and R2 or BY.*

The allocation method for either initial or renewal waivers is explained below:

- a. The State allocates the administrative costs to the managed care program based upon the number of waiver enrollees as a percentage of total Medicaid enrollees. *Note: this is appropriate for MCO/PCCM programs.*
- b. The State allocates administrative costs based upon the program cost as a percentage of the total Medicaid budget. It would not be appropriate to allocate the administrative cost of a mental health program based upon the percentage of enrollees enrolled. *Note: this is appropriate for statewide PIHP/PAHP programs.*
- c. **Other**  
Please explain:

**Appendix D2.A: Administration in Actual Waiver Cost**

Section D: Cost-Effectiveness

Part I: State Completion Section

H. Appendix D3 - Actual Waiver Cost

a. The State is requesting a 1915(b)(3) waiver in **Section A.I.A.1.c** and will be providing non-state plan medical services. The State will be spending a portion of its waiver savings for additional services under the waiver.

b. **The State is including voluntary populations in the waiver.**

Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

c. **Capitated portion of the waiver only -- Reinsurance or Stop/Loss Coverage:** Please note how the State will be providing or requiring reinsurance or stop/loss coverage as required under the regulation. States may require MCOs/PIHPs/PAHPs to purchase reinsurance. Similarly, States may provide stop-loss coverage to MCOs/PIHPs/PAHPs when MCOs/PIHPs/PAHPs exceed certain payment thresholds for individual enrollees. Stop loss provisions usually set limits on maximum days of coverage or number of services for which the MCO/PIHP/PAHP will be responsible. If the State plans to provide stop/loss coverage, a description is required. The State must document the probability of incurring costs in excess of the stop/loss level and the frequency of such occurrence based on FFS experience. The expenses per capita (also known as the stoploss premium amount) should be deducted from the capitation year projected costs. In the initial application, the effect should be neutral. In the renewal report, the actual reinsurance cost and claims cost should be reported in Actual Waiver Cost.

**Basis and Method:**

1. **The State does not provide stop/loss protection for MCOs/PIHPs/PAHPs, but requires MCOs/PIHPs/PAHPs to purchase reinsurance coverage privately. No adjustment was necessary.**

2. **The State provides stop/loss protection**

Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

No specific stop/loss coverage is provided to MI Choice waiver agents for high cost members, however, the state does operate a risk pool to re-distribute capitation revenue for members above identified levels. MDHHS maintains a cost-neutral risk pool for high cost claimants in the MI Choice program. The risk pool was introduced to address the high cost nature of certain members in the MI Choice population and the potential for the prevalence of these beneficiaries to vary between waiver agents. To the extent a waiver agent provides services to a member who qualifies for payment from the risk pool, the waiver agent receives additional reimbursement within the capitation rate structure. Waiver agents who do not have any members who qualify for payment do not receive additional payment. The risk pool adjustments are specific to higher needs members as these populations have shown the potential for larger variances in member costs. The development of the risk pool does not impact the capitation rate development process.

d. **Incentive/bonus/enhanced Payments for both Capitated and fee-for-service Programs:**

1. **[For the capitated portion of the waiver] the total payments under a capitated contract include any incentives the State provides in addition to capitated payments under the waiver program.** The costs associated with any bonus arrangements must be accounted for in the capitated costs (Column D of Appendix D3 Actual Waiver Cost). Regular State Plan service capitated adjustments would apply.

**Document**

- i. **Document the criteria for awarding the incentive payments.**
- ii. **Document the method for calculating incentives/bonuses, and**
- iii. **Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs do not exceed the Waiver Cost Projection.**

- 2. **For the fee-for-service portion of the waiver, all fee-for-service must be accounted for in the fee-for-service incentive costs (Column G of Appendix D3 Actual Waiver Cost).** For PCCM providers, the amount listed should match information provided in D.I.D Reimbursement of Providers. Any adjustments applied would need to meet the special criteria for fee-for-service incentives if the State elects to provide incentive payments in addition to management fees under the waiver program (See D.I.I.e and D.I.J.e)

**Document:**

- i. Document the criteria for awarding the incentive payments.**
- ii. Document the method for calculating incentives/bonuses, and**
- iii. Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs/PCCMs do not exceed the Waiver Cost Projection.**

**J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (1 of 5)**

**a. State Plan Services Trend Adjustment** the State must trend the data forward to reflect cost and utilization increases. The R1 and R2 (BY for conversion) data already include the actual Medicaid cost changes for the population enrolled in the program. This adjustment reflects the expected cost and utilization increases in the managed care program from R2 (BY for conversion) to the end of the waiver (P2). Trend adjustments may be service-specific and expressed as percentage factors. Some states calculate utilization and cost separately, while other states calculate a single trend rate. The State must document the method used and how utilization and cost increases are not duplicative if they are calculated separately. . **This adjustment must be mutually exclusive of programmatic/policy/pricing changes and CANNOT be taken twice. The State must document how it ensures there is no duplication with programmatic/policy/pricing changes.**

- 1. [Required, if the States BY or R2 is more than 3 months prior to the beginning of P1] The State is using actual State cost increases to trend past data to the current time period (i.e., trending from 1999 to present).

The actual trend rate used is:

Please document how that trend was calculated:

- 2. [Required, to trend BY/R2 to P1 and P2 in the future] When cost increases are unknown and in the future, the State is using a predictive trend of either State historical cost increases or national or regional factors that are predictive of future costs (same requirement as capitated ratesetting regulations) (i.e., trending from present into the future).

- i. **State historical cost increases.**

Please indicate the years on which the rates are based: base years. In addition, please indicate the mathematical method used (multiple regression, linear regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and explain if the States cost increase calculation

includes more factors than a price increase such as changes in technology, practice patterns, and/or units of service PMPM.

The State is using 1915(c) services AND THE NON-EMERGENCY MEDICAL TRANSPORTATION STATE PLAN APPROVED SERVICE due to this being a concurrent (b)/(c) waiver.

SFY 2022-2023 actual capitation rate changes along with changes for SFY 2024 were utilized for developing the cost increases from the base years to P1 through P5. The waiver agent encounter data, submitted waiver agent survey data, and historical capitation rates were the primary sources used by the actuary for determining trend assumptions for the prospective periods for this waiver request. The State considered historical year over year trends in developing trend estimates and also changes to the waiver program, consistent with the development of capitation rates. The actuary utilized a linear regression looking at historical experience on a rolling twelve-month basis. For the prospective time periods (P1 to P2, P2 to P3, P3 to P4 and P4 to P5), the State assumed an overall 4.0% annual trend. This trend rate considers multi-year projections as this constitutes a 5-year waiver renewal. No additional program changes were reflected in this projection and the cost increase calculation considers increases for future utilization and cost per service.

ii. **National or regional factors that are predictive of this waivers future costs.**

Please indicate the services and indicators used. In addition, please indicate how this factor was determined to be predictive of this waivers future costs. Finally, please note and explain if the States cost increase calculation includes more factors than a price increase such as changes in technology, practice patterns, and/or units of service PMPM.

[Empty text box]

3. **The State estimated the PMPM cost changes in units of service, technology and/or practice patterns that would occur in the waiver separate from cost increase.**

Utilization adjustments made were service-specific and expressed as percentage factors. The State has documented how utilization and cost increases were not duplicated. This adjustment reflects the changes in utilization between R2 and P1 and between years P1 and P2.

- i. **Please indicate the years on which the utilization rate was based (if calculated separately only).**
- ii. **Please document how the utilization did not duplicate separate cost increase trends.**

**Appendix D4 Adjustments in Projection**

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (2 of 5)**

**b. State Plan Services Programmatic/Policy/Pricing Change Adjustment:** This adjustment should account for any programmatic changes that are not cost neutral and that affect the Waiver Cost Projection. For example, changes in rates, changes brought about by legal action, or changes brought about by legislation. For example, Federal mandates, changes in hospital payment from per diem rates to Diagnostic Related Group (DRG) rates or changes in the benefit coverage of the FFS program. **This adjustment must be mutually exclusive of trend and CANNOT be taken twice. The State must document how it ensures there is no duplication with trend.** If the State is changing one of the aspects noted above in the FFS State Plan then the State needs to estimate the impact of that adjustment. *Note: FFP on rates cannot be claimed until CMS approves the SPA per the 1/2/01 SMD letter. Prior approval of capitation rates is contingent upon approval of the SPA.* The R2 data was adjusted for changes that will occur after the R2 (BY

for conversion) and during P1 and P2 that affect the overall Medicaid program.

Others:

- Additional State Plan Services (+)
- Reductions in State Plan Services (-)
- Legislative or Court Mandated Changes to the Program Structure or fee
- Graduate Medical Education (GME) Changes - This adjustment accounts for **changes** in any GME payments in the program. 42 CFR 438.6(c)(5) specifies that States can include or exclude GME payments from the capitation rates. However, GME payments must be included in cost-effectiveness calculations.
- Copayment Changes - This adjustment accounts for changes from R2 to P1 in any copayments that are collected under the FFS program, but not collected in the MCO/PIHP/PAHP capitated program. States must ensure that these copayments are included in the Waiver Cost Projection if not to be collected in the capitated program. If the State is changing the copayments in the FFS program then the State needs to estimate the impact of that adjustment.

1. The State has chosen not to make an adjustment because there were no programmatic or policy changes in the FFS program after the MMIS claims tape was created. In addition, the State anticipates no programmatic or policy changes during the waiver period.

2. An adjustment was necessary. The adjustment(s) is(are) listed and described below:

- i. The State projects an externally driven State Medicaid managed care rate increases/decreases between the base and rate periods.  
Please list the changes.

For the list of changes above, please report the following:

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (3 of 5)**

**c. Administrative Cost Adjustment:** This adjustment accounts for changes in the managed care program. The administrative expense factor in the renewal is based on the administrative costs for the eligible population participating in the waiver for managed care. Examples of these costs include per claim claims processing costs, additional per record PRO review costs, and additional Surveillance and Utilization Review System (SURS) costs; as well as actuarial contracts, consulting, encounter data processing, independent assessments, EQRO reviews, etc. *Note: one-time administration costs should not be built into the cost-effectiveness test on a long-term basis. States should use all relevant Medicaid administration claiming rules for administration costs they attribute to the managed care program.* If the State is changing the administration in the fee-for-service program then the State needs to estimate the impact of that adjustment.

- 1. No adjustment was necessary and no change is anticipated.
- 2. An administrative adjustment was made.
  - i. Administrative functions will change in the period between the beginning of P1 and the end of P2.  
Please describe:

- ii. Cost increases were accounted for.
  - A. Determine administration adjustment based upon an approved contract or cost allocation plan amendment (CAP).
  - B. Determine administration adjustment based on pending contract or cost allocation plan amendment (CAP).
  - C. State Historical State Administrative Inflation. THE actual trend rate used is PMPM size of adjustment

- D. Other  
Please describe:

Three percent administration inflation adjustment to account for anticipated changes.

- iii. [Required, when State Plan services were purchased through a sole source procurement with a governmental entity. No other State administrative adjustment is allowed.] If cost increase trends are unknown and in the future, the State must use the lower of: Actual State administration costs trended forward at the State historical administration trend rate or Actual State administration costs trended forward at the State Plan services trend rate. Please document both trend rates and indicate which trend rate was used.

- A. Actual State Administration costs trended forward at the State historical administration trend rate.

Please indicate the years on which the rates are based: base years

In addition, please indicate the mathematical method used (multiple regression, linear regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and explain if the States cost increase calculation includes more factors than a price increase.

- B. Actual State Administration costs trended forward at the State Plan Service Trend rate. Please indicate the State Plan Service trend rate from Section D.I.J.a. above

### Section D: Cost-Effectiveness

### Part I: State Completion Section

### J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (4 of 5)

**d. 1915(b)(3) Adjustment:** The State must document the amount of State Plan Savings that will be used to provide additional 1915(b)(3) services in *Section D.I.H.a* above. The Base Year already includes the actual trend for the State Plan services in the program. This adjustment reflects the expected trend in the 1915(b)(3) services between the Base Year and P1 of the waiver and the trend between the beginning of the program (P1) and the end of the program (P2). Trend adjustments may be service-specific and expressed as percentage factors.

- 1. [Required, if the States BY is more than 3 months prior to the beginning of P1 to trend BY to P1] The State is using the actual State historical trend to project past data to the current time period (i.e., trending from 1999 to present).

The actual documented trend is:

Please provide documentation.

- 2. [Required, when the States BY is trended to P2. No other 1915(b)(3) adjustment is allowed] If trends are unknown and in the future (i.e., trending from present into the future), the State must use the lower of State historical 1915(b)(3) trend or States trend for State Plan Services. Please document both trend rates and indicate which trend rate was used.

2.  Please provide documentation.

**B. State Plan Service trend**

Please indicate the State Plan Service trend rate from Section D.I.J.a. above

**e. Incentives (not in capitated payment) Trend Adjustment:** If the State marked **Section D.I.H.d** , then this adjustment reports trend for that factor. Trend is limited to the rate for State Plan services.

1. List the State Plan trend rate by MEG from Section D.I.I.a

2. List the Incentive trend rate by MEG if different from Section D.I.I.a

3. Explain any differences:

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (5 of 5)**

**p. Other adjustments** including but not limited to federal government changes.

- If the federal government changes policy affecting Medicaid reimbursement, the State must adjust P1 and P2 to reflect all changes.
- Once the States FFS institutional excess UPL is phased out, CMS will no longer match excess institutional UPL payments.
- Excess payments addressed through transition periods should not be included in the 1915(b) cost effectiveness process. Any State with excess payments should exclude the excess amount and only include the supplemental amount under 100% of the institutional UPL in the cost effectiveness process.
- For all other payments made under the UPL, including supplemental payments, the costs should be included in the cost effectiveness calculations. This would apply to PCCM enrollees and to PAHP, PIHP or MCO enrollees if the institutional services were provided as FFS wrap around. The recipient of the supplemental payment does not matter for the purposes of this analysis.
- **Pharmacy Rebate Factor Adjustment (Conversion Waivers Only) \***: Rebates that States receive from drug manufacturers should be deducted from Base Year costs if pharmacy services are included in the capitated base. If the base year costs are not reduced by the rebate factor, an inflated BY would result. Pharmacy rebates should also be deducted from FFS costs if pharmacy services are impacted by the waiver but not capitated.

*Basis and Method:*

1. Determine the percentage of Medicaid pharmacy costs that the rebates represent and adjust the base year costs by this percentage. States may want to make separate

adjustments for prescription versus over the counter drugs and for different rebate percentages by population. States may assume that the rebates for the targeted population occur in the same proportion as the rebates for the total Medicaid population **which includes accounting for Part D dual eligibles**. Please account for this adjustment in **Appendix D5**.

2. The State has not made this adjustment because pharmacy is not an included capitation service and the capitated contractors providers do not prescribe drugs that are paid for by the State in FFS or **Part D for the dual eligibles**.
3. Other

*Please describe:*

1. No adjustment was made.
2. This adjustment was made. This adjustment must be mathematically accounted for in Appendix D5. Please describe

The 4% trend/inflation increases applied for P1-P5 took into consideration historical MI Choice capitation rate changes for SFY 2022 though the first quarter of SFY 2023 and proposed changes for SFY 2024. We have considered a reasonable growth rate in unit cost and utilization for the services covered under the MI Choice waiver program.

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**K. Appendix D5 Waiver Cost Projection**

The State should complete these appendices and include explanations of all adjustments in Section D.I.I and D.I.J above.

Using R2 as the historical basis, as established by the Appendix D workbook template, P1 costs were projected by applying a four percent increase to the 1915(c) waiver costs, which represents the adjustment for the capitation payments for SFY 2024. As the SFY 2024 capitation rates are not yet certified, a four percent adjustment has been utilized from the current year based on historical changes in the capitation rates from October 2021 through March 2023. The four percent adjustment is held constant for P2-P5. Additionally, a trend of three percent is being applied to the state's administrative costs based on a review of Consumer Price Index (CPI) value.

No changes were made to the assumption on this tab, but historical cost updates flow through this tab.

IN RESPONSE TO RAI: UPDATES MADE TO CAPITATION RATE INFORMATION FOR P1 SINCE CAPITATION RATES ARE NOW KNOWN AND NO LONGER AN ESTIMATE. ALSO INCLUDED IS A 12.5% ADJUSTMENT TO THE CAPITATION RATES (AND ASSOCIATED INCENTIVE/WITHHOLD) TO REFLECT THE INCREASES APPLIED TO THE MI CHOICE CAPITATION RATES AT OCTOBER 1, 2023.

**Appendix D5 Waiver Cost Projection**

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**L. Appendix D6 RO Targets**

The State should complete these appendices and include explanations of all trends in enrollment in Section D.I.E. above.

Appropriate changes made on the D5. Waiver Cost Projection section flowed through to this section. Please note a column for 1915(c) waiver services has been included for purposes of this waiver submission.

**Appendix D6 RO Targets**

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**M. Appendix D7 - Summary**

a. Please explain any variance in the overall percentage change in spending from BY/R1 to P2.

Appropriate changes made on the D5. Waiver Cost Projection section flowed through to this section. Please note a column for 1915(c) waiver services has been included for purposes of this waiver submission. Any adjustments from prior worksheets flow through to this tab and have included the currently approved waiver periods 4 and 5 costs for the cost effectiveness comparison.

Due to the R2 waiver experience, the most recent waiver period is under the cost effectiveness benchmark.

1. Please explain caseload changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in Section D.I.E.c & d:

2. Please explain unit cost changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in the States explanation of cost increase given in Section D.I.I and D.I.J:
